## HOUNDING DOWN BIG STEEL TRUST

**Government Will Show its Hand Within Ten Days.**

## IS UP TO PRESIDENT TAFT

**Bureau of Corporations Will Send in Report of Investigations in Ten Days—Damaging Information Kept Secret.**

Washington, June 6.—Within about ten days the results of the investigation by the Bureau of Corporations in the organization and conduct of the United States Steel Corporation ill be placed on the desk of President Taft. It will then rest with the President and Attorney General Wickersham whether the administration will begin proceedings in the courts against the alleged Steel Trust under the Sherman anti-trust law.

The hastening of the report is the result of directions issued by the President himself to Secretary of Commerce and Labor Nagel. It is reported that the information gathered by the Bureau will be turned over to the House committee which is now conducting the Steel Trust inquiry.

The alleged activity of the administration since the House committee instituted its inquiry drew from Chairman Stanley today a statement in which he said:

"Senator Culberson, myself and others, who have studied this question, have long harbored the suspicion that somewhere in the archives of the Government there was evidence that would throw a flood of light upon the acts and long of the United States Steel Corporation. The Judiciary committee of the Senate made the strenuous efforts to ascertain these facts at a time when the absorption of the Tennessee Coal and Iron Company by the Steel Corporation could hardly have been called consummated.

"I regret that 'reason of state' then existed which prevented the giving of this information to the people of the United States. One year ago I was advised by Representative Parker, of New Jersey, then chairman of the House Judiciary committee, that neither the President nor the Attorney General favored a resolution of inquiry into the United States Steel Corporation. When the resolution to have the Department of Justice advise Congress as to the very conditions into which we are now inquiring was favorably reported, the Attorney General, with the auvise and approval of the President, so I am informed, flatly refused to furnish this information on the ground that it was not compatible with public policy. It was well know that this resolution, although heartily approved by the people and the press, was, over my repeated protests, pigeon-holed in the Rules committee during the last Congress.

"I am delighted to know that, whatever those 'reasons of state' were, they no longer exist and Congress will at last be furnished with the information which has so long been refused; that the Department of Justice and the Bureau of Corporation will take us into their confidence, and that the courts of justice are at last ready to deal with the United States Steel Corporation as with similar and infinitely smaller concerns."

### PREPARING FOR CORONATION.

**Arrangements Practically Complete for Crowning of King George.**

London, June 6.—The Whitsuntide holidays gave a brief respite to the coronation preparations which are now being resumed in increased energy. London, so far as the route of prosecutions is concerned, is becoming unrecognizable in its garb of new paint, decorations and scaffoldings for stands and pillars for street adornment.

In Westminster Abbey itself the structural changes have been completed. For the great coronation ceremony tribunes have been erected, with a seating capacity for 8,000 persons. The prevailing colors of decoration are blue and gold. The programme has been fully arranged, and it only remains to hold a number of rehearsals within the coming fortnight for the 200 persons engaged in the coronation ceremonial, which, though mainly following the lines of King Edward's coronation, will present some new features, notably the inclusion for the first time of standard bearers representing overseas dominions — India, Wales, as well as England, Scotland and Ireland.

This is in the nature of a holiday, after the fatigue of dealing with the multiple arrangements for the coronation. But from next Saturday there will be a constant round of royal engagements and public functions, extending up to nearly the end of July. The over-seas troops will also be given a post of honor outside Buckingham palace and around the Victoria Memorial on coronation day.

There has been a lull in entertainments, as the King is spending a few days with his troops at Aldershot.

## WIDESPREAD PLOT AGAINST MADERO

**Conspiracies Discovered with Ramifications Throughout Mexico.**

## DEFEATED FEDERALS BLAMED

**Threat of Assassination Holds Up General Gonzales—Numerous Arrests Will be Made to Throttle New Revolution.**

Juarez, Mexico, June 6.—A widespread plot against Francisco I. Madero, Jr., with ramifications in San Antonio, El Paso, New York and Mexico City, has been discovered, according to news coming from Mexican government officers today.

The first purpose of the instigators is said to be the establishment, in the cities named, of juntas, similar to those of the revolutionary party, and then to carry on a systematic effort to hamper Madero and to restore to power a political element that was ousted when President Diaz resigned.

Secret service men in various parts of Mexico have been instructed to make arrests in the hope that the movement may be brought up before it assumes any considerable proportion.

Abram Gonzales, provisional governor of Chihuahua, today announced that he had been compelled to postpone his trip to Chihuahua because of a threat on his life. He said he had received word that an offer of $40,000 had been made to prevent his reaching Chihuahua. The information came from such a source that he did not hesitate to postpone his trip.

"These plots do not detract from the popularity of Senor Madero," said a provisional government officer. "It is only natural after so swift a change in government that many of the old regime should be reluctant to give up their power and that they should even resort to desperate measures.

**Triumphal Congress for Madero.**

Irapauto, Cananajuato, June 6., (on board Madero's special train).—Francisco I. Madero, Jr., and his party took luncheon at Apapauto today on the way to Mexico City in a special train. Thousands came into the city to honor Madero. It was with great difficulty that the party made its way through the streets because of the jam. At Silao, Guanajuato, one of the biggest demonstrations of Madero's trip occurred. The local railroad yards were swamped with special trains which brought thousands of people.

Several special trains from Mexico City met Madero's train today. They will precede the Madero special back to the capital in the morning to join in the welcome.

Though a multitude of people received Francisco I. Madero, Jr., with open arms when he reached Leon today, the military staff of the former rebel chief guarded him unusually close.

Last night's experience in Aguas Calientes, where the party was led to a banquet that consisted of bare tables in a dark room while giving no real proof of hostile intentions, aroused fear that a plot might have been laid. As a result, extraordinary precautions were taken today. As the train nears Mexico City increasing care is taken. Soldiers on the pilot train which precedes the special by about five minutes, are under orders to keep a sharp lookout for trouble.

### PRESIDENT'S SON BARRED.

**Denied Privilege of Taking Law Examination in Ohio.**

Columbus, O., June 6.—Because he was unfamiliar with the rule requiring applicants to register when they begin their study for law, Robert Alphonse Taft, son of President Taft, was denied the privilege of taking the Ohio State bar examination, which began today and will be completed tomorrow. Two months ago he wrote to the clerk of the Supreme Court asking to be registered for the examination. He was advised that as he had not registered when he began to prepare for the law that he could not take the examination now. He probably will take it two years hence.

### STRIKE POSSIBLE IN 24 HOURS.

**Southern Railway's Differences With Its Firemen.**

Washington, June 6.—The negotiations for an adjustment of the grievances of the firemen of the Southern Railway reached an acute stage today and either settlement or complete breaking off of all negotiations with a consequent strike is possible within 24 hours. No statements were obtainable tonight from either side of the controversy or from the mediators. It was understood, howevr, that the negotiators were considering a last preparation and that unless some concessions were made on one side or the other a strike of the 2,400 odd firemen on the system was imminent.

## ROOT AMENDMENT TO RECIPROCITY

**All Hope of Defeating It in Committee Has Been Abandoned.**

## PRESIDENT TAFT IS ANXIOUS

**Democrats Will Do All They Can to Secure Passage of the Bill—Will Not Endanger Original Measure.**

Washington, June 6.—Abandoning hope of defeatingin committee the Root amendment to the Canadian reciprocity bill, affecting the print-paper and wood pulp clauses of the amendment, friends of the measure today began on the floor of the Senate an active campaign to prevent acceptance of the Root provision.

The President showed anxiety over the situation when, after an executive session of the Senate Finance Committee today, he appealed to the Democratic Senators to stand out against the amendment. Senator Stone expressed to the President his confidence that far more than a majority would be found voting against the Root and all other amendments that may be offered. The administration throughout has contended that amendment to the bill probably would be fatal and by reason of this contention, the measure was passed by the House in the form desired by the State Department. The same argument was advanced when the measure was turned over to the Senate Finance Committee and Chairman Penrose, of the committee, has endeavored to prevent consideration of amendments.

Secretary Knox did not appear before the committee today to explain the inwardness of the argument. He was expected to devote considerable attention to the Root amendment explaining wherein it would nullify or postpone the argument, but he sent word that previous engagements prevented his appearance.

The principal fight on the floor will be based on the Root provision, but whether it be accepted or rejected the friends of reciprocity are now hopeful of success. The reason for their exhiliration is found in the decision of a majority of the Democratic Senators to make no effort to attach the House free list bill to the reciprocity measure.

A decided majority of the Democrats are favorable to reciprocity but until comparatively recently many of them, disposed toward political advantage, made the condition that the Canadian bill should receive no consideration except in connection with the pet Democratic measure. They have abandoned that attitude and now announce that they will oppose all amendments of whatever nature. They have even gone to the extent of rejecting overtures from the progressives which are coupled with a promise on the part of the latter to attach the free list bill to the reciprocity bill.

"We want a vote on the free list" they say, "and shall insist on having it, but it must be separate from reciprocity."

Advocates of the bill are confident of success, but the vote will be postponed for several weeks, with intense struggle and strong resistance meantime. No one predict a vote earlier than July 15th, and some extend the time by a month.

"And with reciprocity disposed of," Senator Stone said today, "I should say that we ought to stay here until we merge this session into the regular session, and that session into the second regular if we don't get a vote on the free list bill."

### COTTON SEED CRUSHERS MEET.

**Southerners Will Have Great Time in New York This Week.**

New York, June 6.—Trains from the South tonight brought many members of the Inter-State Cotton Seed Crushers Association and their wives for the fifteenth annual convention of the association beginning tomorrow. The numerous social functions which will relieve the routine will include a banquet Thursday evening, at which President Taft, former Senator Chauncey Depew and other prominent men have been invited to speak. Friday night the Produce Exchange will be turned into a grand ball room, for the first time since its opening in 1884, and dancing will conclude the Southerners' visit.

### WILL PUNISH INTIMIDATION

**Threat of Steel Trust Against Representative Underwood.**

Washington, June 6.—Inspired by intimidations that reprisals would be made on Democratic Leader Underwood and other representatives who advocated investigation of the so-called Steel Trust, Representative Boehne today introduced a bill punishing by maximum fine of $5,000 or five years imprisonment threats or coercion of members of Congress or the closing down of mills or factories for political effect by corporation managers or others. Mr. Boehne also introduced a bill providing penalties for employers who attempt to intimidate their employes in elections.

## CORRUPT METHODS WILL BE PROBED

**Resolution Introduced to Investigate Senator Lorimer's Election.**

## CHANGE IN THE DOCUMENT

**Senator Culberson Staves Off Immediate Consideration So He Can Look Into Change—Jack-Pot Scandal Included.**

Washington, June 6.—Carrying out the programme agreed upon yesterday by the Senate Committee on Privileges and Elections, Senator Dillingham today introduced in the Senate a resolution authorizing the special committee of eight members of the regular Elections Committee to reinvestigate the charges against Senator Lorimer, of Illinois.

Senator Culbersen objected to the immediate consideration of the resolution and it went over. Mr. Culbersen said the document differed somewhat from the original resolution and he desired time to consider it.

The resolution names Senators Dillingham, Gamble, Jones, Kenyon, Johnstone, Fletcher, Kern and Lea They are directed "forthwith to investigate whether in the election of William Lorimer as a Senator of the United States from the State of Illinois there were used or employed corrupt methods and practices and whether he is now entitled to retain his seat."

The committee is authorized by the resolution to sit during the sessions of the Senate and during any recess of the Senate or of Congress, to hold sessionse at such place or places as it shall deem mort convenient for the purposes of the investigation, to employ stenographers, counsel, accountants and to send for persons, books, records and paperr, to administer oaths and as early as practicable to report to the Senate the results of its investigation.

The committee is further especially instructed to inquire fully into and report the sources and use of the alleged "jack-pot" fund, or any other fund, in its relation to and effect upon the election of Mr. Lorimer.

### DROWNED IN POND.

**Young Maan Meets Tragic Death Near Statesville, N. C.**

Statesville, N. C., June 6. — Mr. Claude Laugenour, son of Dr. and Mrs. P. F. Laugenour, was drowned yesterday afternoon in Mr. W. E. Morrison's mill pond two and a half miles north of town. He was bathing in the pond with three companions, and while trying to swim across deep water he tired out and sank beneath without uttering a word. The alarm was given immediately and from the time the body went down at 4:45 until it was found at 5:55 every effort was made to recover it, and after it had been secured the doctors worked faithfully for 40 minutes in their effort to force artificial respiration and resusciatate it, but all in vain.

This, the first victim of Morrison's pond, was a young man in the prime of life, in his 21st year and with a bright future. His death is truly very pathetic and distressing and the bereaved family has the sympathy of the community.

—Yesterday afternoon's Charlotte Chronicle: "Mr. Donald MacRae and family, of Wilmington, are expected here tonight on their way to the mountains. They will be at the Selwyn. Mr. MacRae is one of the foremost citizens of Wilmington. He has a host of friends in Charlotte."

## FINALS AT TRINITY COLLEGE

**Baccalaureate Sermon by Dr. Jefferson, of New York, Alumni Dinner, and Contest for Medals Were Features.**

(Special Star Telegram.)

Durham, N. C., June 6.—The baccalaureate sermon this morning by Dr. Charles E. Jefferson, of Broadway Tabernacle, New York, the alumni dinner this afternoon at 1 o'clock, and the senior and literary contests tonight have finished a great commencement day for Trinity.

The sermon of Dr. Jefferson this morning, the uatterance of a great orator, was beautifully simple and the class sat under the spell of a great man. His theme from the gospel of St. Matthew, the words being "Enter thou into the joy of thy Lord." and a profound discussion of the theme, was the joy of all who heard him.

The great divine brought a lesson that is easily applicable to every one. The speaker began by trying to define the word "joy". He said that he could not tell the meaning of that word to one who did not already know it. One has to experience it. He showed that it has been his observation, and an amazing disappointment since he left college, to find that so small a percentage of the people really entered into the joy of the Lord. In the long lists of suicides he often finds that a large proportion of them are educated men, which goes to show that educated men are not always happy, and in the joy of the Lord.

He said there were two kinds of men in the world today. One is the cave-dwellers. They are like the men who lived in caves for shelter many years ago. They would come out to get something to eat, and then go back in. They lived a life all to themselves. The other kind of men are the cliff-dwellers. He cited the old methods of the early inhabitants of our great western country as an example of these people. They lived away up in cliffs; when they would go up they would draw up their ladders after them, and lived there secluded from the rest of the world. There they would enjoy their music, their amusements, and other pleasures; and when they wanted money or food they would come down and get them. These men, said the speaker, have never realized what their real selves are; they have never really come to themselves; they do not live in the joy of their Lord.

In closing the sermon, which was declared by many as the best of their lives, Dr. Jefferson exhorted his hearers to try so to live that some day they might hear fall from the lips of their Lord the welcome plaudit, "Enter into the joy of thy Lord."

The alumni dinner was served in the Angier Duke gymnasium, and was attended by an unusually large number. The address was delivered by Hon. W. D. Turner, of Statesville, ex-Lieutenant Governor and Governor Aycock. There were about two hundred alumni present. The business transacted will not be given to the public until tomorrow morning when, immediately after the commencement address by Mr. Jacob A. Riis, all announcements will be made. Officers of the Alumni Association were elected as follows: W. R. Odell, Concord, secretary; M. E. Newsom, Durham; Prof. E. C. Brooks, chairman executive committee.

## CHICAGO'S MARRIAGE MILL

**Thousands of Illegal Weddings So Judge Stuart Declares—One Man Got Wife Without Knowing It.**

Chicago, June 6.—Municipal Judge Stuart today held that thousands of weddings of the immediate past were illegal and void because they had been performed by a justice of peace from outside the city limits in an office he occupied in the county building in Chicago. This justice of the peace was recently ousted from the county building. The judge volunteered an opinion from the bench that the justice of the peace had no legal right to marry any one in Chicago, being a justice from outside of Chicago and because justices were abolished in the city in 1905.

At the same time Philip Fishman was telling Judge Cooper also he was married without knowing it. He wanted the marriage dissolved. He said he inquired of a clerk in the county clerk's office for a peddler's license With him was a young friend. A slip of paper was handed him, he said, and they were taken to Justice Stacey's office. He told the court he thought he was swearing to something on the permit when he and the girl said the customary "I do." Later he found he had a wife. They tried to make the most of it he said, but it was not a success.

### JACK JOHNSON.

**Going to Coronation, Talks of Sam Langford.**

New York, June 6.—Jack Johnson, with his bag of jewelry, his festive apparel, his white wife and golden smile, set off for Europe today with a host of sure enough American notables to view the sights of King George's coronation in London.

Instead of obtaining a stateroom among those of the other first cabin passengers the Johnsons were assigned to the room ordinarily belonging to the chief engineer of the ship.

It was also announced that the chief steward had assigned them to a small table in a rather secluded corner of the first cabin dining saloon.

Johnson said he did not intend to fight abroad but that if he was offered enough money he would fight a bear.

"I'd fight a bear for about $30,000," he added.

"Will you fight Sam Langford?"

"He ain't no bear," answered the negro. "He's a wild cat."

### AUTO VICTIM'S GEMS GONE.

**Search of Washington Pawn Shops Being Made for Jewels.**

Washington, D. C., June 6.—Washington pawnshops are being searched for jewelry to the value of $400, missing from the body of Robert Oliver Williams, the young Baltimore millionaire killed on May 13th, when his car turned turtle near Autoville, Md., and injured Miss Helen Griffith, of Baltimore.

A request has been received from the Baltimore police to search for a three-stone diamond ring, a pair of diamond cuff-links and a cat's eye pin. Williams, it is said, wore the jewelry on the day of the accident. When his body was taken from the wreck of his car it was gone. Whether it was stolen or lost, can not be determined.

## CARDINAL GIBBONS' GOLDEN JUBILEE

**Imposing Celebration in Honor of This Eminent Churchman.**

## DISTINGUISHED MEN SPEAK

**Eulogies by President Taft, Ex-President Roosevelt, British Ambassador, Speaker Clark and Others—Cardinal's Reply.**

Baltimore, June 6.—James Cardinal Gibbons missed his afternoon walk today for the first time in years, one of the very few in the 27 years that he has been the only prince of the Catholic Church in the United States. He missed that afternoon stroll over the streets of Baltimore, where he listened to banker and beggar and took to heart the troubles of "his people."

Instead of the walk that had become a feature of that part of the city in which he lived, the Cardinal sat this afternoon on the temporary stage in the Fifth Regiment armory and listened to the great men of the Nation speak in eulogy of his life. President Taft, Vice-President Sherman, Chief Justice White, former President Roosevelt, Ambassador Bryce, of Great Britain, Speaker Clark, Senator Root, of New York; Governor Crothers, of Maryland; former Speaker Cannon and Mayor Preston, of Baltimore, sat with the Cardinal, and all of them except the Chief Justice, spoke in praise of him. Among the 600 guests seated on the platform before the President, the Cardinal and other speakers, were more than a score of Senators and members of the House of Representatives. Probably a more distinguished gathering was never held in this country, outside of Washington. The armory holds 1,500 people its builders say and it was crowded to the doors.

The Cardinal sat in a red plush chair in the center of the stage. To his right was President Taft, then came former President Roosevelt and Chief Justice White, and on the Cardinal's left were Governor Crothers, of Maryland, Ambassador Bryce, Speaker Clark and Representative Cannon. The ovation that greeted Mr. Roosevelt as he came up the steps with Chief Justice White was remarkable, but that which greeted the Cardinal as he climbed the stairs with President Taft was far more remarkable.

The Cardinal wore the red robe, the skull cap of red and the deep green ring of office. Through all the speeches he sat smiling, every changing expression of his wrinkled and kindly face and his bright eyes attesting to the pleasure that this tribute afforded him.

He smiled like a boy when President Taft introduced him to Mr. Roosevelt, he laughed with glee when the Chief Justice shook his hand, and the ghost of a grin flickered over his face when Speaker Clark, mixing for a moment politics with religion, declared that he had been a potent force for good "among both Catholics and Republicans."

Following Governor Crothers, who preceded, President Taft, made the first speech. He said in part:

"This assembly I venture to say can find few counter parts in history. We are met as American citizens to congratulate the American primate of one of the great churches of the world upon the 27th anniversary of his accession to the highest office in his church, but one, and upon the 50th anniversary of his entering the church as one of its priests. We are not here as members of any denomination. We are not here in any official capacity. But we are here to recognize and honor in him his high virtues as a patriotic member of our political community and one who through his long and useful life has spared no efforts in the cause of good citizenship and the uplifting of his fellow men.

"As American citizens, we are proud that his prominence in the church brought him 25 years ago the rank of Cardinal. The rarity with which this rank is conferred in his church upon bishops and priests so far from Rome is an indication of the position which he had won among his fellow churchmen but what we are especially delighted to see confirmed in him, and his life is the entire consistency which he has demonstrated between Christ and single-minded patriotism and love of country on the one hand, and sincere devotion to his church upon the other. One of the tenets of his church is respect for constituted authority and always have we found him on the side of law and order, always in favor of peace and good will to all men, always in favor of religious tolerance and always strong in the conviction that complete freedom in the matter of religion is the best condition under which churches may thrive. Nothing could more clearly show the character of the man whose jubilee we celebrate than the living testimonial that this assembly is to his value as a [illegible] the community of Baltimore would find what a man is [illegible] home and his neighbors

### CHICAGO-PITTSBURG GAME.

**President of National League Overrules Umpire's Decision.**

New York, June 6.—Declaring that the "evidence clearly shows that both umpires erred and that by reason thereof an injustice was done the Chicago club," President Thomas J. Lynch, of the National League today threw out the Chicago-Pittsburg game of the morning of May 30 the, which Chicago had protested and ordered that the game be played over.

The game referred to, President Lynch says, was won by the Pittsburg club 1 to 0, and protested by the Chicago club on the grounds, first, that the field umpire called the wrong player out and that, second, as a result of said decision a asecond runner was wrongly declared out by the umpire in chief."

According to an official notice from National League headquarters correcting the standing of the two clubs, the Pittsburg Club should have one less victory and the Chicago Club one less defeat. The correct official standing up to and including the games of Monday, June 5, give New York a lead with .628 and Chicago next with .619 but brought up to date the table puts Chicago ahead of the game by a small margin, instead of leaving Chicago and New York tied for the lead, puts Chicago ahead of the Giants by a small margin.

### POLO AGAIN POSTPONED.

**Weather Again Disappoints British-American Contestants.**

New York, June 6.—American weather stepped in again today and caused a second postponement of the second match for the international polo cup. The match will be played tomorrow, however, if something extraordinary does not intervene to prevent.

The definite announcement was made tonight that in the event of a British victory tomorrow the third and deciding match for the cup would be played on Saturday. Should the Americans win and thus retain possession of the trophy teams of star players will meet at Meadow Brook on Friday to fill out the three match schedule originally arranged.

### SUICIDE OF CLOTHIER.

**May Unearth Giant Plot for Incendiarism in Chicago, Ill.**

Chicaga, June 6.—Leopold Dreyfus, of the firm of L. Dreyfus & Co., committed suicide today after having confessed, the police declare, that he was a party to the burning of his place of business on Market street last Saturday afternoon.

The confession, according to police, may throw light on other fires in the downtown district and is regarded by the officials as evidence of the existence of an organized band of incendiaries who for a stipulated price offer to set fire to business houses.

Suspicious circumstances in the fire, including the finding of several cans which had apparently contained gasoline, in the rooms occupied by L. Dreyfus & Co., clothiers, caused a careful investigation to be made, and Leopold Dreyfus was questioned repeatedly by the police. The confession in substance, the police say, was that two men approached Dreyfus and his brother about a week ago and offered to burn the establishment, fixing $5,000 as their price. Dreyfus is declared to have agreed to $2,000 and to have paid down $300, the remainder to be paid when the insurance was collected.

Dreyfus and his brother were arrested yesterday afternoon, and, after the confession, Leopold Dreyfus was permitted to go to his home in the custody of a policeman. While in another room today Dreyfus shot himself through the head. When the police reached him he was dead.

The valuation set on the property of the company was $12,000. Fire Attorney Sullivan is co-operating with the police in an endeavor to learn more of the alleged band.

### GREENSBORO BLUE LAWS.

**City Attorney Holds They Are Good and In Effect.**

Greensboro, N. C., June 6.—At last the status of the city's blue laws are settled. City Attorney Cooke says they are now and have been at all times since the adoption of the charter providing for commission government in full force and effect. If this be true it is now up to the commissioners and the police officers to see that he law is enforced. For several weeks a number of people have taken advantage of the doubt concerning the validity of the ordinance and the drug stores, cigar stands and other places handling soft drinks and tobacco in any form have been selling the articles formerly tabooed right along. No arrests were made and no attempt to ascertain the validity of the ordinance begun. The decision of the city attorney will be good news to some, while others it will not. No doubt an early effort will be made by those opposed to the blue laws to have them repealed, while the same will be upheld by the ministerial association and many of the church people of the city. It will not be a surprise if the referendum is not brought into use before the thing is over with, and if so there will be some fun sure enough.

### ASHEVILLE FOR STATE HIGHWAY

**Prominent Men Speak at Enthusiastic Meeting.**

Asheville, N. C., June 6.—The meeting here today in behalf of the proposed Central Highway from Beaufort, N. C., to the Tennessee line, was well attended and was featured by unusual enthusiasm. Speeches were made by H. B. Varner, president of the Central Highway Association, J. Hyde Pratt, State Geologist, Locke Craig, of this city, and others. Dr. Pratt declared that he highway would be completed from the seashore to the Piedmont section of the State within six months and that the entire, 486 miles in length, would be finished in twelve months.

### YOUTHFUL PIRATES.

**Seized Schooner and Shot Owner Dead in Germany.**

Cuxhaven, Germany, June 6.—Two youths of 17 years, who had carefully prepared an expedition of piracy, seized a fishing schooner here today. They were armed with rifles and plentifully supplied with ammunition, and when the owner of the vessel attempted to recover his boat, they shot him dead.

Several other vessels in the harbor attempted to capture the schooner, but they were stood off by the pirates until the arrival of a force of police in a government steamer, when the young men were overpowered.

Washington, June 6.—One of the unique invitations received by President Taft today came from the Anti-Horse Thief Association of Kansas and Oklahoma, which asked Mr. Taft to come to Arkansas City, Kan., to address its convention July 19. The association, the invitation says, numbers about 50,000. The President was compelled to decline the invitation.

Savannah, Ga., June 6.—George, the 15-year-old son of Mr. and Mrs. L. W. Williams, living at Thunderbolt, a resort near Savannah, met a tragic death this morning in a machine shop near his home. One of the large pulley belts broke and struck the lad over the heart, killing him instantly.

Havana, June 6.—Commodore E. C. Benedict and his party arrived here this morning on board the wrecking steamer Premier from the American yacht Virginia, which is still ashore on Colorado reefs on the north coast of Pinar Del Rio. The Premier returned to the wreck.

Cairo, Ill., June 6.—A. B. Bankston, former sheriff of Pulaski county, was found not guilty of the charge of the murder of Wilford French, a policeman of Cairo, last December, by a jury at Jonesboro, Ill., today. The jury was out sixty-five hours.

### AGAINST NAVAL STORE MEN.

**Suits Aggregating Over $60,000 Started at Biloxi, Miss.**

Biloxi, Miss., June 6.—Suits aggregating $66,903.30 were filed yesterday in the United States court here against five big naval stores and lumber concerns, the government charging depredations on certain lands in southern Mississippi. The cases were filed through United States Attorney R. C. Lee, by authority of the Attorney General. The defendants are the Union Naval Stores Company, Greene County Lumber Company, Summerall Lumber Company, Imperial Naval Stores and the L. N. Dantzler Lumber Company.

### LAWYER SENTENCED TO PRISON.

**Convicted of Receiving Stolen Jewelry Deeply Affected.**

New York, June 5.—Daniel O'Reilly, the lawyer who was convicted of receiving stolen goods in the Bancroft bond robbery case, was today sentenced by Justice Davis in the criminal branch of the Supreme Court to five months in the penitentiary. Abraham Levy made a plea in his behalf but District Attorney Whitman made a demand for a jail sentence. O'Reilly appeared to be deeply affected by his sentence.

Toledo, O., June 3.—Despondent because he was an albino and could not study on account of his eyesight, John Walkowski, aged 18, committed suicide in the front yard of his home late this evening. The lad fired a bullet into his brain, dying almost instantly.

Johannisthal, Germany, June 6.—Hirth, the German aviator, who recently won the upper Rhine reliability flight, today made a world's record for height with a passenger, ascending to an altitude of 5,182 feet.

Los Angeles, Cal., June 6.—Mehitabel G. Trowbridge, 90 years old, a sister of former President Garfield, died here today.

## FINALS AT TRINITY COLLEGE

(Continued from Page One.)

medal was held tonight in Craven Memorial Hall. The audience perhaps excelled the crowd that was present this morning to hear Dr. Jefferson's commencement sermon. The following men were competitors, all from the Senior class: Robt. Lee Ferguson, Oxford, "Individualism," Henry Grady Hedrick, Lexington, "The Influence of the West in American Politics." Russell Delessep Korner, Kernersville, "The American Press and Its Relation to Citizenship." Thurman Gomez Vickers, Durham, "The Solid South."

The medal was won after a hard fought battle by Mr. Hedrick, and was presented by Rev. John N. Cole, superintendent of the Methodist Orphanage, Raleigh. The judges were Hon. W. D. Turner, Statesville; Dr. Dred Peacock, High Point, and Mr. Olin S. Dean, Waverville College. Other medals awarded were as follows: By the Columbian Literary Society, orator's medal, to R. D. Korner; general debater's medal, to Robert Gregg Cherry, Gastonia; freshman debater's medal, to J. R. Davis.

The Hesperian Literary Society presented the following medals: Orator's medal to Henry Grady Herrick; general debater's medal to Quinton Hotton, Durham; freshman debater's medal to James Cannon, Jr., Blackstone, Va.

The Braxton Craven Medal offered each year by Gen. Julian S. Carr, of Durham, to the student in all classes who writes the best essay, was awarded to Mr. Walter Sheppard, of Farmville, N. C.

### ARMY MANEUVERS IN TEXAS.

**Sham Battle in Which the Reds Came Off Victorious.**

League City, Tex., June 5.—In a series of maneuvers and a sham battle for the possession of an important wagon bridge near League City, the "Reds" of the First Separate Brigade, outmaneuvered and defeated the "Blue" detachment. The troops designated as the "Reds" were the Second Provisional regiment, under command of Colonel C. P. Townsley, and the "Blues" were the First and Third regiments, commanded by Colonel C. B. Bailey. Brigadier General Albert L. Mills and his aides acted as umpires.

**Where French Market Coffee Won Its Fame**

Over 150 years ago the old French Market at New Orleans won fame through its exquisite coffee. It was a rare treat to stop at this celebrated market and sip of the delicious beverage—the only place in America where it could be secured.

The society dames of all the Mardi Gras Balls would not consider the event complete without a cup of French Market Coffee as a "nightcap."

In the War of 1812, after Andrew Jackson's brilliant victory, he stopped at the Market House and treated his troops to French Market Coffee.

Then it could be had nowhere else. **But today you may all serve it at your table**—for the old French Market blend is perpetuated by

**Remedy Saved Her Child—Try it Free**

PHILIP LLOYD, GRANDSON OF MRS. JONES

*The following are some extracts from letters Dr. Caldwell has received:*

"I wish to thank you for the sample bottle of Dr. Caldwell's Syrup Pepsin. My little grandson, Philip Lloyd, had suffered from stomach trouble; when I sent for the bottle of Syrup Pepsin he was suffering all the time and had an acute attack of gastritis. I gave him the medicine, which he said was 'nice,' (he is six years old) and by the time the bottle was empty, he was cured. I was so pleased that I want to tell you what a valuable remedy you have made."—A Dr.'s Widow, Mrs. Elizabeth R. Jones, 4125 Perry St., Chicago, Ill.

"I liked the sample of Syrup Pepsin so much that I sent at once to my druggist for two 50c bottles, so I have it in the house regularly. My children like to take it, which pleased me very much, as sometimes we have trouble in getting them to take other laxatives."—Chas. H. Reichert, 3101 Jamaica Ave., Richmond Hill, L. I.

"We have received your sample bottle which you sent upon request. I have never had anything in a medicine form that has accomplished anything like yours has. It is simply great. I have already used two bottles of the 50c size after the arrival and using of your sample."—Mrs. Katherine Haberstroh, McKees Rocks, Pa.

There are literally thousands of women in this country who gratefully acknowledge that they owe the present good health of their children to the timely use of **Dr. Caldwell's Syrup Pepsin.** The crying baby usually is constipated or suffers from intestinal trouble due to some error in diet. It needs no heroic measures—just a gentle laxative like **Syrup Pepsin.** A small dose of it will right the baby. It is a great laxative and digestant, pleasant-tasting and nongriping. No baby or child refuses it. Many mothers never give their children anything else, and they have robust children and no doctor's bills. It is a great money saver as well as a great life saver. If space permitted, thousands of women's addresses could be given who write they will never be without **Syrup Pepsin** in the house. It is for all the family—for anyone who realizes that salts and strong cathartics are only temporary expedients. You can buy a bottle of your favorite druggist at fifty cents and one dollar, or if you wish to make a trial of it first, you can obtain a free sample bottle from Dr. Caldwell by sending him your name and address.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample, address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

MRS. J. E. KENNEDY'S BABY

*The following are some extracts from letters Dr. Caldwell has received:*

"I attribute much of my own present good health, and surely that of my baby, to the use of Syrup Pepsin. I always have it in the house, as it is so often needed, and I could not exaggerate the value to me."—Mrs. J. E. Kennedy, Good Will, Okla.

"I received your sample bottle of Syrup Pepsin and also bought a 50c bottle. It is the finest remedy I ever bought for constipation for children. I am very much pleased with it."—Mrs. Ella N. Williams, Wathena, Kas.

"I received your sample bottle, used it, and got a 50c bottle and find it is the best thing I could get. My baby was troubled with constipation and I now have no trouble."—Mrs. Toomey, Emingsville, Pa.

"About two years ago I sent to you for a sample bottle of your Syrup Pepsin. After taking it I concluded to give the remedy a fair trial, for I had been suffering for some time with indigestion. My stomach would ache so badly at times that I could not be still. I commenced taking your Syrup Pepsin and found it to be a good remedy. I can eat anything I want now. I have found it to be a good remedy for children. Now I keep a bottle on my mantle all the time."—Mrs. Ida A. Fortune, Grand Junction, Tenn.

# AFFAIRS AT STATE CAPITAL

### Receiver Appointed for LaGrange Bank—Teachers' Institute This Summer—Other News Notes of Interest at Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., June 6.—The Corporation Commission has procured the appointment of T. R. Rouse as temporary received to wind up the affairs of The Bank of LaGrange, closed yesterday on account of bad financial condition and mismanagement. The appointment was procured last night from Judge Whedbee, at Goldsboro, and is effective at once. Rouse has been for quite a while cashier of The Rouse Banking Co., of LaGrange. It is not expected that any of the depositors will lose anything by the closing of the bank.

The three days conference of prominent educators who are to be assigned during the Summer to holding teachers' institutes for the public school teachers in various counties scheduled to hold them this season, convened here today in the Senate chamber of the State House. State Superintendent Joyner made a brief speech in which he outlined his ideas of the scope of the work that should characterize the institutes. There are to be about 30 of them this season. The law requires that every county must hold one at least every two years. Probably two-thirds of the counties held institutes last Summer, hence the falling off this time. Participants in the programme today in the work of presenting ideas for conducting the county institutes were A. J. Barwick, of the State Department of Education; J. A. Bivens, of the State Department of Education; Miss Emens, Miss Alma Neade Michaux, Prof. M. C. S. Noble, A. J. Matheson and Mrs. D. W. Peade.

Governor Kitchin returned from the Georgia State Normal College where he delivered the address for the graduating exercises Monday.

A pardon is granted by the Governor for J. J. Lindsay, serving six months on the roads in Nash county for selling whiskey. The pardon is at the request of the court and the county officials and is conditioned on good behavior. He has served five months of the term.

The new salary law for Wake county officials went into effect the first Monday in June. Under the new law the Sheriff receives $2,750; the clerk of the court $2,750; the register of deeds $2,500; the treasurer $2,000 and the auditor (a new office), $1,800.

Zeb Ngent, a Stokes county man who was sentenced in 1903 in Stokes court to serve five years in the penitentiary for larceny and who escapes from the Castle Haynes convict camp soon after his commitment, has just been recaptured near Mt. Airy and recommitted to the penitentiary. He claims that he served as a volunteer in the Spanish-American war and has been about the county quite a good deal. His parents live eight miles from Mt. Airy and he had slipped into the county to see the old folks when the sheriff of Stokes caught him.

The Corporation Commission announces its opinion that the cities and incorporated towns in this State have the right to leave the actual fixing of the tax rates for city purposes this year until after the new tax valuations are made. The matter can be opened at June meetings this week and final action deferred until the new tax valuations are finished and in hand. It is expected that the reassessments this year will greatly increase the aggregate so that it will be possible to have lower tax rates in many towns and cities.

The sheriff of Wake county has just made his final settlement with the Wake county commissioners for State and county taxes for 1910, the aggregate being $214,000.

Mr. Ed. Pearce, a well known young man of Zebulon, is in Rex Hospital here terribly beaten up. He was set upon yesterday by a negro who is said to have used brass knucks and a vrow bar.

Ed Pearce, the young man brought here from Zebulon last night, terribly beaten up by a negro, died today in Rex Hospital. And the negro who made the assault was captured late last night in Nash county and brought to jail here this afternoon. Will Weaver is his name, and he is 17 years old. Pearce was drunk at the time he had the row with the negro who beat him terribly about the head, using a big stick. Pearce leaves a wife and five children.

Governor Kitchin orders a special term of Buncombe county Superior Court to continue two weeks from July 3rd, to be known as the "tiger court" in that it is to try a bunch of the sensational retailing cases that have stirred this "Mountain City" the past several weeks. Judge J. L. Webb is to preside. There is also a special term of court ordered for Edgecombe county to continue one week from June 26th, Judge Whedbee presiding. This court is to be for civil causes.

An exchange of courts is approved by Governor Kitchin between Judge Ward and Judge O. H. Allen by which Judge Allen is to preside over Lenoir court instead of Judge Ward, beginning July 3rd.

The Thompson Publishing Co., of Raleigh, is chartered for Raleigh with $5,000 capital subscribed and $50,000 authorized. the incorporators including A. A. Thompson, J. W. Bailey, Joseph G. Brown, C. J. Parker and others.

## A FARM LIFE SCHOOL.

### Steps Will be Taken to Establish One in Cumberland County.

(Fayetteville Observer.)

On Saturday, June 17th, the Farmers' Union of this county will meet in Fayetteville to discuss the plan of establishing a Farm Life School in the county. All citizens are invited to be present and take part in the meeting.

On that date the County Commissioners will hold a joint meeting with the Farmers' Union and look into the feasibility of establishing such a school.

## RAINS IN COLUMBUS.

### Everybody Happy—Good Roads Projected—Other News Notes.

(Special Star Correspondence.)

Whiteville, N. C., June 6.—A fine rain fell last evening and the farmers are happy. Parties from around Fair Bluff say that Saturday they had a regular trash-mover, which they attribute to the prayer meetings being held. They say those sections where people would not attend their prayer meetings, or hold one themselves, did not get a drop of rain.

Mr. E. S. Lewis has bought a grist mill and will locate it on his lot in Whiteville. It will be a great convenience to the public.

Cary Todd, a white man, who moved to that section near Cerro Gordo from Robeson several years ago and bought a farm, eloped with a neighbor's wife and the pair went to Florida. He grew tired of the woman and a short time since returned to wife No. 1, who joyously received him. The couple began to live together again, and sold their farm in this county and moved to Bayboro, S. C. A few days ago the Florida woman came back to try and make up with her husband, but he had secured a divorce and refused to have anything to do with her.

Mr. G. Herbert Smith, of Cronly, was in town yesterday. He says there are no new developments in the potash matter, and everything is statu quo.

Mr. H. D. Caison, of Richland Neck, Brunswick county, trapped and killed a very large bear a few days ago.

Mr. H. F. Schulken, whose mammoth new store building was wrecked by the recent wind, has cleared away the lumber and says he can save most of it. Mr. Schulken thinks he will probably replace the destroyed building with a brick store room.

A gentleman from near Tabor tells us that they are still shipping strawberries and one or two cars leave there a day. Mr. C. W. Brown is buying and received an order for three cars of berries to go off Tuesday. He pays from $1.25 to $2 per crate, and there are many yet left in the fields. Farmers say these late berries are clear profit to them.

The Board of County Commissioners held an important meeting yesterday. It was decided to send Capt. Granger, who is in charge to the convicts in this county, to the Good Roads Convention. It was also decided to begin work at Cronly and construct a good highway to pass through and connect all the railroad towns, from that point to Whiteville, and which road will also be a link in the Wilmington to Charlotte highway. Livingston creek will have to be bridged near New Berlin, some six miles of new road made and over 20 miles of other road put in repair and broadened. The opening of the new road will shorten distances between the towns and be of very great service to the people. The swamps will be headed at Shiloh church, but a road will afterwards be made across Green Swamp, and which will require a raised roadbed of four miles.

Last evening news reached Whiteville that Harry Coleman, a young man who formerly lived at Whiteville, had died. He was the son of a former resident of this place and a brother-in-law of Dr. Williamson, of Florence. Particulars could not be had.

## YOUNG GIRL RESCUED.

### Ran Away From Home in Washington Detained by Police.

(Special Star Correspondence.)

Rocky Mount, N. C., June 6.—Dr. A. C. Deans returned to the city yesterday from Spring Hope and in company with him was his daughter, Miss Ethel Deans, who was detained by the police of Spring Hope upon a request from her father that his daughter should be taken from the Hyatt-Lenoir Musical Comedy Co. The father and daughter spent the day in this city yesterday and left by the afternoon train for Washington to return to their home at No. 1109 Fifth avenue, North West.

Miss Deans gives her age as 17 and she does not look a day older. She has a decidedly pretty face, large searching brown eyes, and was wearing a crash suit tailored to the season. She disappeared from her home in Washington City on Wednesday of last week and joined the theatrical company named on Thursday. Her stay with them was brief, however, for on Sunday morning her father advised that she be detained by the police, at Spring Hope, and this was done, and she was not with the company when it passed through this city Sunday night en route to Goldsboro. Miss Deans joined this show for the opportunity that she might make use of her training in elocution. Her father regretted exceedingly the rash act of the girl, but he appeared forgiving and the young lady was willing and glad to return with him

From what could be learned from a telephone message this morning with a prominent citizen in Spring Hope it is indeed fortunate that young Miss Deans was rescued so soon from such an organization. The Hyatt Lenoir Musical Comedy Company went to Spring Hope on Monday of last week with seven young women, that had been secured, so it is understood, by an advertisement in a Washington paper, and that this number was added to by another young woman from Washington who joined them early in the week. The Spring Hope citizen declared that two of these girls were dropped without money by the management of the show, and that Spring Hope citizens raised sufficient money to return them to their homes.

## ICING SATION BURNED.

### Structure at Waraw Destroyed by Fire Yesterday Afternoon.

(Special Star Telegram.)

Warsaw, N. C., June 6.—The icing station located here by the Armour Lines several years ago was destroyed by fire this afternoon. The fire was first noticed on the roof of the building about 5 o'clock but could not be reached owing to the height of the building. The origin of the fire is unknown. It is said to have cost about $3,500 to erect this building. It is not known whether it was covered by insurance or not. The railroad side track was slightly damaged a few ties being burned and telegraph communication was cut off for a short time.

## TAX ON DRUG STORES.

### Asheville Aldermen Make It $1,000 a Year.

(Special Star Correspondence.)

Asheville, N. C., June 6.—At a recent meeting of the board of aldermen, after considerable discussion and objections on the part of some of the aldermen and others present, the board voted to raise the tax on drug stores selling whiskey from $100 to $1,000. It is understood that the action of the board was influenced by the report that some of the alleged "blind tigers" were making arrangements to establish drug stores so that they could get around the law which prohibits the keeping of more than two gallons of whiskey. Several physicians and druggists were before the board in opposition to the increased tax urging that it would work hardship on the sick. Part of the board thought that $500 would be enough, but when the vote was taken the $1,000 tax carried, though grain alcohol was not included but is tax free so far as the city is concerned.

### Page Threw Up His Job—The Cotton Schedule.

(Special Star Telegram.)

Washington, D. C., June 6.—Glenn McKay, of Mooresville, has been appointed by Representative Doughton, page to take the place of Ernest Finley, resigned. Young Finley did not like Washington. He remained here two or three days, threw up his $60 a month job and went back to Alleghany county.

Miss Georgia Hicks, Miss Bessie Robinson, and Miss Catherine Robinson, of Fayetteville, were here today on their way to Europe. They will sail from Boston.

S. W. Cramer, representing Southern Cotton Mills, was here today. He and other representatives of cotton manufacturing sections made an appeal to Chairman Underwood, of the Ways and Means Committee, to leave the cotton schedule alone until the regular session in December.

### Work Begun on Roadway Around Lake at Waynesville.

(Special Star Correspondence.)

Asheville, N. C., June 6.—The H. J. Cathey Construction Company, of this city, began work on the one and one-half miles of road around the lake of the Methodist Chautauqua at Waynesville, this morning, the contract for this work having been recently awarded to that firm. The road around the lake is to be 35 feet wide and is to be put in condition for macadam, which will be placed later. It is to be completed by August 25th. The company will work a force of about 50 hands and about 24 mules.

# HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflamation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Republicans are sorry to see how well a Democratic House can do what ought to be done.

Promises are liabilities till they are fulfilled. When promises are fulfilled they become assets.

Next time those Norfolk people go to Richmond they will know that Richmond is no town-pump locality.

Baltimore Sun: "Here comes the bride, groom by her side." Out goes the bridesmaids floating with the tied.

Whoever put up the price of bacon made it so a gentleman is not ashamed to have it on the table when he is entertaining quality folks.

The trusts have concurred in the Supreme Court decision and it would be unanimous but for the fact that Associate Justice Harlan persists in not seeing the point.

Scientists say the lives of women are getting to be longer on the average. Some people who don't believe in lady muckrakers, hope Ida Tarbell won't come under this head.

Sometimes President Taft talks like he knows he has the size to back up what he says. It's a good idea not to go too far with one of those fellows who have smiles that won't come off—except occasionally.

Of course, the next Governorship of North Carolina doesn't belong to anybody but the impression prevails that an Asheville lawyer will have to shut up his office and go to Raleigh for four years, unless he is tired running.

After the Senate had once vindicated Senator Lorimer, he ought to have taken a certificate to that effect and hunted another job. When a man can get a letter of recommendation he had better not stay long enough for a reaction to set in.

A girl who likes outdoor sports and fresh air jaunts, is pretty apt to have rosy cheeks. The boy who likes to take part in the sports and participate in the jaunts, will be pretty apt to be a vigorous fellow. Fresh air is an antidote for that grouchy feeling.

Some philosopher says, "Laugh over your follies." That's all right about most of us, but the blamed thing that we have to contend against is that other folks won't join right in and laugh with us over our follies. We hate to butt in on philosophy, but the best way to act is to have no follies of a laughable nature.

We had formed a good opinion of Senor Jose Yves Limantour, of Mexico, but as soon as he found out it was all over with President Diaz he almost beat Diaz getting out of Mexico. If we hadn't done anything or anybody we'd stayed right there and given them reasons why a poor fellow should be allowed to stay home and be good.

In an address delivered to iron and steel manufacturers in New York several days ago, Judge Elbert H. Gary, chairman of the board of directors of the United States Steel orporation, urged the manufacturers to keep up prices. There would be no truth whatever in a rumor that Judge Gary was kicked and cuffed all around the hall for talking that way among friends. A proposition to keep up prices is unanimous with every one of us when we have anything to sell. When we buy we want the other fellow to be in favor of low prices. Judge Gary won't run the risk of making a single enemy by telling his iron and steel manufacturing friends to go right on getting the top of the market and then some, if all hands will only stick together.

## HARMON TO WAR ON WILSON.

The above is the headline of a special dispatch from Cincinnati to the Baltimore Sun, under date of June 4th. The dispatch says:

"Judson Harmon has declared war officially on William Jennings Bryan and Gov. Woodrow Wilson, of New Jersey. Through Lieut. Hugh L. Nichols, director-general of Harmon's Presidential aspirations, notice was served on the Bryan and Wilson factions yesterday that from now until the Democratic National Convention it will be the kind of warfare that spares not the particulars."

We hardly think Col. Nichols represents Governor Harmon in making the above statement, although he plainly says "Judson Harmon has declared war officially." We take it that personally Governor Harmon is to remain on the best of terms with Bryan and Wilson, but "officially" he is going to make them see sights. It may have to be spelled "officiorisy" before the fight goes very far. We do not believe, however, Governor Harmon is reported correctly, but Col. Nichols, who seems to be a Harmon manager, goes on to speak thus resentfully of the recent visit of Bryan and Wilson to Washington: "In Washington two-thirds of the Congressmen are for Harmon. The Congressmen resent the interference of Eryan and they think he is trying to disturb the splendid feeling of harmony which exists everywhere."

Nichols resented a question as to the relative progressiveness of Governor Harmon and Governor Wilson. "Governor Harmon is a better progressive in the best sense of the word than Governor Wilson," he asserted warmly.

Col. Nichol, however, fails to mention the following of Champ Clark, who the Sun correspondent remarks, "has a well developed Presidential boom of his own." If reports from Washington are correct, Clark has more Congressional backers than either Harmon or Wilson. The Cincinnati dispatch adds this to what is said by Col. Nichols:

"Mike Devanney, formerly United States Marshal for Ohio, who has a roving commission from the Harmon headquarters, yesterday returned from Minnesota, where he has been testing Democratic sentiment with reference to Harmon. Devanney said he found much Harmon sentiment. He admitted, though, that the tide of Woodrow Wilson is flowing strong in the Northwest, but he asserted that it is caused by the activities of the hustling press agent."

We have no doubt Governor Harmon will have a strong following for the Presidency. It is true, however, that here is a great wave of Wilson sentiment, but it is a mistake to suppose that it can be offset by a war on Bryan, Wilson or any other leading Democrats. It would be just as big a mistake for Wilson and his friends to go to making "war" on Harmon or Champ Clark.

The fact is Harmon, Wilson, Clark or any other man will have to stand on his own merits and impress his ability and availability upon the country. The "press agent" is all right, but all the candidates can get them a press agent, so if Harmon is behind on press work that is his fault or the fault of his managers. Probably he has made some friends who don't know the game.

The "war" business might as well be cut out of the Harmon programme, for we believe he is a bigger man than to have to depend on a personal fight for the nomination. He has Presidential ability and has made a record that has made him a national character. He does not have to rely on pulling down the other man. We don't believe he is correctly reported. If so we are disappointed in him.

## QUESTIONABLE TRANSACTIONS.

Among the shafts leveled at Alvah H. Martin, fusion leader in Norfolk's perturbed politics, is a charge by straightout Democrats that during his political sway he has rented for public use in the city of Norfolk two small buildings at exorbitant rentals, charges are being made in the speeches of the opponents of Mr. Mason and on Sunday the Norfolk Virginian-Pilot prints cuts of the shacks, one of which is rented for $250 and the other at $300 a year. Judging from the looks of the buildings, $8 or $10 a month would be good money for them instead of the $21 and $25 a month which the public has to pay.

Of course, this is none of our fight, and we do not know whether the charge is true or not, or whether Mr. Martin is responsible or not. For aught we know he may rent the buildings for much less and some middleman may figure in the transaction. Indeed, it may be claimed that the buildings are worth the rental secured for them, but evidently they are not, else we would not see the Virginians so taking on about it that the real estate of the politician is figuring in campaign oratory and being featured as first-page, top-of-column, pictorial matter.

As we said, it is none of our funeral, but it offers us a fine opportunity to say that it is an unwise public servant or official of any kind who will permit himself to be concerned in business dealings or contracts with his city, county, State or Nation. Some of the greatest political scandals of this country have grown out of just such transactions, and consequently many cities, counties and States have laws which prohibit contracts and dealings between municipal corporations and public officials, even though the transaction may be one entirely free from appearance of collusion or wrong-do ing. Such laws exist in North Carolina and in several instances officials have been given considerable trouble in the courts on that score.

There is wisdom in these laws, and they protect the good name and motives of officials as often as they do the public. It is improper for officials to participate in any deal in which he is interested both as a public servant and as an individual. The public always looks with suspicion on such transactions, and officials certainly take chance with their reputations when figuring in them.

## CURRENT COMMENT.

Governor Blease has started a Wilson Presidential boom. He has just announced in favor of Harmon.—Charlotte News.

The city politician is getting to be a thing of the past in the commission governed cities.—Montgomery (Ala.) Journal.

A Baltimore man left part of his money to a girl who had been dead 25 years. Felt certain, perhaps, it wouldn't be wasted.—Pittsburg Post.

Coronation note: Mrs. U. S. Cash appeared in a handsome gown made of 1,000,000 gold dollars, but it was too heavy for her to wear again, and she has given it to the cook.—Washington Post.

The Wilmington Star says: "We ought to be raising millions of sheep in North Carolina, but the free wool idea would not make it a very attractive proposition to a North Carolina farmer." Add to free wool the free dog, and we have a combination about as destructive as could be desired.—Charlotte News.

Young Harker, of the Maxton Scottish Chief, is disposed to get into a scrap with Col. Thomas Clawson, of the Wilmington Star, concerning the entitlement of Col. Bryan to drop off at Washington and give orders to the hands. He does not agree with Col. Clawson that Col. Bryan, having led the country wrong three times ought to be counted out. We have no intention of taking a hand in the matter, but we are curious to know how many times Harker would want to vote for Bryan before getting tired of it?—Charlotte Chronicle.

It is learned from press dispatches concerning the soldiers in Texas—and who is not interested in the soldier boys?—that the members of the First independent brigade took a 100-mile hike from Galveston to Houston and back again. Just what was accomplished for the good of the country, or the welfare of the brigade, is hard to determine. But 360 were overcome by the heat before the first half of the trip was completed. With a temperature above 100 degrees, men fell unconscious by the roadside, and those still able to struggle onward suffered dreadfully from a burning thirst. It is further reported that the officers were called all sorts of uncomplimentary names as they rode coolly by the column of 4,000 men, choked with limestone dust and parched with unendurable heat. England's greatest poet laureate has celebrated the charge of the Light Brigade in unforgettable verse. The heroic onslaught was hopeless, but not altogether useless. Without chance of success, there was at least a tangible enemy to the front, and those who threw their lives away had the saving thought that the crowning need of military glory would be theirs. But the Galveston-to-Houston march is bereft of all high honor. If comparable to any previous military feat, it must be likened to that of the king who marched up a hill, and then marched down again.—Washington Post.

## TAFTISM TO THE FRONT.

President Taft is doing like he "would rather be right than President," but meanwhile is causing Republicans to wish something would happen so they could nominate somebody else for President. However, by precedent, President Taft is entitled to nomination for a second term, and lately he has made himself the logical candidate with which to oppose a Democratic nominee. Politicians may not be with him but the Republican people are, and for that reason the President will be a formidable candidate against our nominee in the election next year.

Standpat Republicans declare the President is "leading the Republican party into the Democratic camp," but in that connection it is to be hoped they will lead him off, for he will come only close enough to become a "near" Democrat while really being a ne'er Democrat. That kind is even more dangerous than some men who have Socialistic and Populistic dreams and can then as Democratic paramounts or fundamentals, to be opened and sprung on the party as soon as a National campaign opens. The new issue Democrat is worse than a near Democrat.

The trouble about most paternalistic and infernalistic new issues is that they are sprung when it is impossible to educate the voters during a brief campaign, but invariably you can tell when any of them are not fundamental by the tremendous argument it takes to get them into a Democrat's head. Whenever a campaign speiler has to make an argument to hold his own party together he is up against a double task—that of holding Democrats in line while trying to round up Republicans. Whenever any issue requires too much explanation it is a sign that nobody ought to be allowed to read it into the party platform. The real principles of Democracy, known even before the United States government was founded, do not require much of an argument, so only those issues which are really vital to good government should be dumped on an unsuspecting public.

The right kind of platform to head off Mr. Taft would be one that few Republicans and no Democrats can dispute. President Taft's administration has become so individual and invisibly Republican that it is Taftism and not Republicanism that will feature the next Presidential campaign.

Woodrow Wilson may have his William J. Bryan, but look at that Teddy whom President Taft has on his hands.

The ruins of several ancient and long forgotten cities of a prehistoric people have been discovered in Arizona. We would know more about those cities, their people and their industries, if they had only left behind them some enduring system of publicity. Those ancient people who failed to perpetuate publicity have laid the burden upon up-to-date people of going around digging up their long forgotten cities. We hope nobody will ever be put to the trouble of having to dig up Wilmington.

## WARE-KRAMER SUIT.

### Preliminaries in Big Case Before Judge Connor—Desertion.

(Special Star Correspondence.)

Raleigh, N. C., June 6.—Good progress is being made in the Federal Court before Judge Connor in going through affidaavits and other documentary evidence to settle upon its admissibility before a jury as a preliminary to the jury trial of Ware Kramer Tobacco Company., vs. American Tobacco Co., beginning June 13th. The principal difference is that counsel for the plaintiff have taken much affiadvit matter that is claimed by counsel for the defense is purely testimony that involves the opinion of the jury. For instance, they have asked questions of persons making the affidavits as to who is controling the tobacco business of the country. Counsel for the defense claim that the prosecution can show the interesting the defendant in the way of stock and other means of control but that these other matters are purely issues for the jury when other competent facts are presented in evidence. Counsel have lodged motions that the court have each party to produce all books and records on court for the trial and Judge Connor has intimated his purpose to require both parties to the litigation to produce their books except insofar as the defendant is by statute exempted from so doing in a penalty suit. Representing The American Tobacco Co., are Aycock & Winston, Raleigh; Junius Parker, of New York; Mr. Perkins, of New York, F. L. Fuller, Durham, and for the Ware-Kramer Co., there are Mr. Green, of Norfolk; F. A. Woodard, C. C. Daniel, Wilson; F. S. Spruill, Rocky Mount, and F. A. Woodard, Wilson.

Officers left here today for Washington, D. C., to deliver to the Naval authorities Oscar O. Cothrell, who is wanted for deserting from the Training ship Franklin in 1909. He was sentenced to the roads in this county for selling liquor and his identity has been discovered since his arrest. It seems that he went first to Culpepper, Va., after deserting the Franklin. There he married a girl and carried her to Richmond and failing to induce her to launch with him upon a nefarious sort of life, he deserted her. She is now a respected stenogrpaher in Richmond.

## SOUTHER GOLF TOURNEY.

### New Orleans Won the Honors—Officers Next Year.

Nashville, Tenn., June 6.—New Orleans won the honors in the 10th annual meeting of the Southern Golf Association, R. G. Bush of that city making the course in 74 strokes, which was the best. ## ATLANTA'S PEACE MONUMENT.

### New York's Famous Old Guard to Attend Dedication.

New York, June 6.—Arrangements were completed tonight for the visit of the 100 members of New York's famous Old Guard to Atlanta on October 1-10, when a peace monument is to be dedicated there. Colonel Joseph S. Burke, of the Gate City Guard, of Atlanta, representing the Chamber of Commerce, is adjusting the details of the guardsmen's trip which will begin on October 6th, when they leave for Charleston, S. C., by steamer. The Washington Light Infantry and other military bodies will welcome them to Charleston and speed them on their way inland.

Washington, June 6.—Fifty postoffices today were designated as postal savings depositories to open Juply 3, making the total of such offices 500. Those today included Reidsville, N. C., and Sanford, Fla.

## WORK OF RAISING THE MAINE.

### Gratifying Progress Made Yesterday—Intense Interest.

Havana, June 6.—The first stage of the actual work of uncovering the wreck of the battleship Maine was completed at 5 o'clock this afternoon, when pumping operations ceased after the water level within the great cofferdam built around the wreck had been lowered precisely five feet.

This leaves the portion of the wreck visible above water practically the same as on the night of the disaster, before the hull had time to become imbedded in the mud. There is now visible a long stretch of the starboard side of the quarter deck, which is slightly raised, owing to a list of the after two-thirds of the ship.

When the pumping ceased today the cofferdam nowhere showed the least sign of seepage or leakage, apparently being absolutely waterproof and of the most ample stability. This is all the more obvious because one caisson which collapsed three weeks ago was only repaired yesterday, and is partially filled with clay and mud.

The pumping is to be suspended until June 15, when the water level will be reduced another five feet. The work will then be suspended again so that a minute examination may be made of all sections of the cofferdam, after which the pumping will be continued at intervals dependnant upon the results of the examination of the dam, until the bottom is reached, probably three or four weeks hence.

Intense interest has been aroused in Havana through the realization that the wreck of the battleship is actually coming into view after thirteen years' burial, and that the mystery regarding the character of the explosion is soon to be solved. Many persons, Cubans, Americans and Spaniards, visited the wreck today.

Major Harley B. Ferguson, of the United States engineer corps, is receiving many congratulations on the approaching successful termination of his great work.

MELTING POT OF TIME

After Fifty Years of Popular Trial the Great American Public Has Placed the Seal of Approval on Cardui, the Woman's Tonic.

Chattanooga, Tenn.—If the letters of every lady who has written in praise of Cardui (the woman's tonic), were to be printed in this size type, it would cover over a year's edition of this newspaper and leave no room for news.

The great melting pot of time turns out the gold of success and the dross of failure.

As tested in this way, Cardui, the tonic for weak women, is pure gold.

For over fifty years, five-sevenths of a life time, it has been in use for this one thing, and in that time, public opinion has indorsed it, because of the success it has accomplished.

For pain, weakness, irregularity, for any of the trouble from which weak women suffer, Cardui has proven its helping, curative power.

In every community there live some who have been benefitted by Cardui. Have you tried it?

If not, do so today. It may be just the medicine you need.

Your druggist sells it, and will recommend it.

# DR. CHAS. T. NESBIT ELECTED

**Named by the Council as City Superintendent of Health—Action Came as Surprise—Other Matters Before Council.**

The City Council, in regular weekly session yesterday afternoon by practically unanimous vote elected Dr. Chas. T. Nesbitt, one of the best known and most experienced physicians of the city, as superintendent of health, succeeding Dr. Joseph Akerman, who has held the office for the past two years, and who had been prominently mentioned for re-election.

The action of Council came right much as a surprise to the general public, for Dr. Nesbitt's name had not been mentioned in connection with the office except among members of the Council. The election of Dr. Nesbitt was made in executive session, but it is understood that there were no other nominations and that the vote was practically unanimous. The salary of the office was not fixed as it is desired first to hold a conference with Dr. Nesbitt and decide upon his duties and also determine whether or not he will be given an assistant—a city physician, whose particular work will be the looking after the indigent poor. The Council will probably hold a meeting this afternoon for the consideration of this matter, for the budget for the present fiscal year cannot be adopted, it is said, until the cost of the health department for the year has been decided upon. In addition to Dr. Akerman, the incumbent, the name of Dr. Chas. T. Harper, a former city superintendent of health, was prominently mentioned for the office and there were many who were ready to bet that the choice would be between Drs. Harper and Akerman. It is understood that Dr. Nesbitt will very likely accept the office and will assume his new duties within the next two or three days.

Mr. M. J. Corbett, president of the Chamber of Commerce; Chairman M. F. H. Gouverneur, Messrs. W. J Chaig, and C. VanLeuven, members of the advertising committee of the Chamber, appeared before the Council with a request that the city appropriate $5,000 with which to begin a very extensive campaign of exploiting the immense advantages and unlimited possibilities of Wilmington. An amendment to the Commission Form of Government bill gives the Council authority to expend annually an amount not exceeding $10,000 for the purpose of advertising Wilmington and it is under this provision that the appropriation is asked by the Chamber of Commerce. The idea of the members of the committee is that the money should be expended by the Chamber of Commerce after plans for the campaign have been arranged in detail by a committee from each body and approved by the Council. Each of the four gentlemen named addressed the Council, setting forth most attractively the value and importance of judicious municipal advertising. Action was deferred until a later meeting.

Mr. J. S. Ramos appeared before the Council with a largely signed petition asking that the office of "Town Booster" be created and that he be elected as the chief of the department. In a very earnest talk Mr. Ramos augmented the arguments presented in the petitions as to why this office should be created and spoke of his qualification and especial fitness for this kind of work. The matter was taken under advisement.

The time of holding the monthly meeting of the City Board of Health was changed from the last day of the month until the second Monday in each month, this being done at the request of the board.

A letter was read from the State Good Roads' Association which will meet at Winston-Salem some time this month, inviting the city to be represented at the meeting. Mayor Smith will appoint delegates in a few days.

Another communication was read from the Chicago Association of Commerce, inviting the officials and heads of the departments of the city government to attend the International Municipal Congress and Expuosition which will be held September 18th to 30th in Chicago. The Mayor will name delegates to the convention and it is possible that the city will be represented. Partial list of subjects to be covered by exhibits, addresses and discussions are: Charters and commission government, city planning, paving and care of streets, housing, municipal accounting and budget making, education, libraries, parks and play grounds, charities and corrections, taxation, health and sanitation, other kindred subjects.

It was ordered by the Council that Mr. D. R. Foster, the real estate man, be given No. 112 for his new building on Princess street and that the number of Col. John VanB. Metts' real estate office be changed to No. 114.

Capt. W. H. Northrop, Jr., was present to urge the Council to allow Capt. John W. Harper, as a matter of public convenience, the Princess street wharf for his boat, the steamer Wilmington. Capt. Northrop said that when the application for a lease of the wharf was submitted a few weeks ago, the opinion prevailed among members of the board that the people would have to vote on the proposition, but since then a supplemental act of the Legislature had been found and that under the provisions of this the property could be leased for use of the steamer which is operated as a public utility. Action was deferred, but it is believed that the petition will be ultimately granted. Capt. Northrop pointed out the advantages to the public of having the steamer landing and the street car junction in close proximity. He pointed out that a public wharf is now provided at the market house for the smaller traffic on the river. He could see no inconsistency in allowing Capt. Harper the use of the wharf when the use of Princess street is allowed to the Tidewater Power Co., as a matter of public utility and convenience. Capt. Harper would at all times keep the wharf in repair and would in conjunction with the Chief of the Fire Department see that it was ready for the use of engines and other apparatus for which it was built and which purpose it is now poorly serving with its congestion of wood rafts and other encumbrances. Capt. Harper has purchased all the property in the vicinity he can buy for the uses of his boat and is not seeking to avoid any investment in taking care of his patronage. Capt. Northrop stated that it was entirely a matter of public convenience.

Representing the civic committee of the Chamber of Commerce, of which he is chairman, Mr. John J. Blair appeared before the Council with a request that provision be made in the budget for the employment of an expert landscape architect to draw plans of the city with a view of securing uniformity and in order that there may be something definite to which to work in the development of the city. An appropriation of $1,500 was asked for. It was stated that the services of Mr. John H. Nolen, of Cambridge, Mass., who is doing much work in the South, could be secured.

Col. Walker Taylor requested the Council to install another electric light on the west side of the Cape Fear river for the Acme Tea Chest Co., which he said pays taxes to the city on $17,500 worth of property and does not receive the other benefits which industries on this side of the river receive. Col. Taylor presented the request because he is interested in seeing that the city does all it can to encourage industrial enterprises. The matter was referred to Councilman P. Q. Moore.

Mr. Frank Peiffer, manager of the Airdome, was before the board with reference to permit for a covered stage within the enclosure. The stage has already been erected and Council decided that if he would cover the top and sides with corrugated iron the regulations governing erection of buildings in the fire district, would have been complied with.

The report of Chief Chas. Schnibben, of the Fire Department, for the month shows that there were 14 alarms of fire, causes as follows: Sparks from chimney, nine; lamp explosion two; unknown 2; heat from stove, one. The total amount of fire losses for the month will not exceed $2,000.

Mayor Joseph D. Smith presided at the meeting with all members of the Council in attendance; also Capt. Thos. D. Meares, the clerk; City Attorney Herbert McClammy, and Assistant City Attorney Peschau.

## MR. AIKEN TO WILMINGTON.

**Popular Young Wilmingtonian to Join Local Staff of The Star.**

It is a pleasure for The Star to announce that the latter part of this week, Mr. H. R. Aiken, for the past 18 months a member of the staff of the Charlotte Observer, will join the local staff of this paper, which bespeaks for him in advance the kindly consideration of its friends and the general public. Mr. Aiken received his training in newspaper work under Mr. Howard A. Banks, now of the Hickory Democrat, but formerly of the Charlotte and Philadelphia press. In announcing his departure from Charlotte the Evening Chronicle of Monday says:

"Mr. Hazel R. Aiken, who has been telegraph editor of The Daily Observer for the past 18 months, has resigned his position to accept a position on the local staff of The Morning Star, at Wilmington, the duties of which he will assume in a few days. Mr. Aiken before going with The Observer, was connected with The Hickory Democrat, where he was on local work. His preference for local work instead of the desk leads to the present change. Mr. Aiken is a young newspaper man of excellent ability and a pleasing personality. He has won many friends during his stay in Charlotte, who will be interested in his change."

**Real Estate Transfers.**

Deeds were filed for record yesterday as follows: The Wilmington Suburban Co., to W. R. Yopp and wife, for $10 and other considerations, lot on southeast corner of Third and Marsteller streets, 66x75 feet in size; Lorenzo S. Mixon, Jr., and wife, to LeRoy C. Fergus and wife, for $300 and other considerations, lot on southwest corner of Third and Meares streets, 33x110 feet in size; Geo. O. Gaylord and wife to Charlie MacRae and wife, for $100 and other considerations, lot on northwest corner Moore and Wood streets; J. Holmes Davis and wife to Charles Finkelstein, for $100 and other considerations, lot on northeast corner of Eighth and Dawson streets, 67x82 feet in size.

**Charged With Assault.**

Buddie Graham, colored, was arrested yesterday morning by Officer D. W. Coleman on a warrant charging him with assault with deadly weapon upon Peter Howard, colored, whom he is aid to have shot with a pistol on Nixon, between Seventh and Eighth streets Monday afternoon. Graham is in the city prison without bond pending the result of Howard's wound which is considered serious at he James Walker Memorial Hospital, where he was taken for treatment. Graham was at the county home when arrested.

**Mr. Pinner Was Injured.**

As the result of being struck on the top of the head by a falling scantling when a part of the Pocomoke Guano Company's new plant up the river was demolished by the storm Monday afternoon, Mr. W. G. Pinner, of 505 South Second street, this city, was painfully injured. He was brought to the city in a launch and sent to his home where it was stated yesterday he would be probably laid up for several days. Mr. Pinner is a carpenter and was at work at the building when injured

# COMMITTEE ON MANUFACTURES

**Important Conference Yesterday in Rooms of Chamber of Commerce. Mr. George A. Simpson's Proposition Heard.**

Under the auspices of the Manufactures' Committee of the Chamber of Commerce an important conference of a number of Wilmington's leading business men was held yesterday afternoon for the purpose of giving further consideration to a proposition of Mr. Geo. A. Simpson, Jr., of Pittsburg, Pa., for the location of a new enterprise at or near this city.

Mr. Simpson had previously explained his proposition to the committee with the result that a sub-committee had been appointed to investigate the financial standing of the parent company represented by Mr. Simpson and this sub-committee reported yesterday afternoon that the investigation was all that could be desired. Mr. Simpson again went into the proposition and exhibited a number of the products which it is proposed to manufacture at a subsidiary plant in this city. Those present seemed much interested and impressed with the proposition and asked many questions of Mr. Simpson, who apparently answered them to the satisfaction of all. After a further consideration of the matter in hand, Mr. E. C. Holt, chairman of the committee presiding, President Corbett, of the Chamber came in from another conference with the advertising committee of the Chamber in the meantime, and upon motion of Mr. Chas. N. Evans, the president was instructed to appoint a committee to confer with some of the purchasers of the products proposed to be manufactured here and to report to another meeting of the Chamber Thursday afternoon at 3:30 o'clock.

President Corbett appointed on the committee to investigate the products of the proposed new concern, Messrs. E. C. Holt, M. F. H. Gouverneur, and L. B. Rogers. They have begun their work at once and will be prepared to make a full and complete report to the meeting Thursday afternoon. It is hoped that every business man in the city who is interested in the development of the port will be present and give encouragement to the project.

## THE WEATHER YESTERDAY.

**Again Hot and Sultry But Nothing to Compare With Monday—Rainfall.**

Yesterday was another hot and sultry day in Wilmington and vicinity, but nothing to compare with Monday according to the official records of the Weather Bureau. The maximum temperature on Monday was 94 degrees, while yesterday the maximum reading was only 91. The minimum was 68 for the 24 hours ending at 8 o'clock last night and the mean was 80 degrees, the same as on Monday. According to the Cotton Region Bulletin issued yesterday, showers had fallen in the Atlantic coast sections of the belt, though very little rain was reported to the westward. No rain fell in the Mobile, Vicksburg, New Orleans, Little Rock and Oklahoma districts. In the Wilmington district there was rain at all stations reporting except Charlotte, where the conditions were part cloudy. Wilmington had a precipitation of .90, Florence .92, Goldsboro, .01, Cheraw .11, Greensboro .10, Lumberton .52, Newbern .08, Raleigh .14, and Weldon .16. Outside the district, heavy rainfalls were reported at Eastman, Ga., 1.90; Fort Gaines, Ga., 1.20; Gadsden, Ala., 1.00; and Ozark, Ala., 1.60.

## PYTHIAN HOME LIBRARY.

**Clarendon Lodge Begins Movement to Furnish Books—Officers.**

At the regular meeting last night of Clarendon Lodge, No. 2, Knights of Pythias, a most comendable movement was started when it was decided that the members would aid in equipping the library at the Pythian Home at Clayton. Each member is expected to send at least one book. The books may be left with Mr. J. W. Smith, at the office of the Southern Express Co., to be forwarded to Clayton. The election of officers for the ensuing term resulted as follows: Chancellor Commander, C. O. Clifton; vice chancellor, S. F. Garrison; prelate, J. E. Bunting; master at arms, L. T. Landen; inner guard, C. McD. Jones; outer guard, G. A. Warren; lodge deputy, J. W. Smith. The newly elected officers will be installed the first Tuesday night in July.

## COL. WADE HARRIS HERE.

**Genial Charlotte Editor at the Seashore for a Few Days' Visit.**

It was a pleasure to have a call yesterday from Col. Wade Harris, of the Charlotte Evening Chronicle. He ran down for a few days at the seashore and expects today to be a guest of his good friend and compatriot, Capt. John W. Harper, of the steamer Wilmington. He will "take in" Carolina Beach and make some mental notes of the extensive developments that are to take place in that vicinity within the next year or two. Wilmington has no more substantial friend than Col. Harris and it is always a delightful pleasure to have him here. Later it is hoped that Col. Harris will find it convenient to come down and spend several weeks at Wilmington's beach resorts, which he has contributed so much in developing.

**Rebekahs' Excursion.**

The excursion to Carolina Beach Friday under the auspices of the Daughters of Rebekah promises to be very largely patronized. The proceeds will be for the benefit of the Odd Fellows' Home at Goldsboro. The following has been submitted relative to the outing: "You talk about the trolley cars and automobile grand, But for the steamer Wilmington we expect to stand; And for old Cape Fear river with a history none can beat, I tell you, people, a ride on her, Rebekahs call a treat."

The regular mid-week dance will take place at Lumina tonight. Tomorrow night the first souvenir dance of the season will be given.

# NURSES RECEIVE DIPLOMAS

**Graduating Exercises of Class from James Walker Memorial Hospital Training School Held Yesterday Afternoon.**

Attended by a large number of friends of the institution, the graduating exercises of the training school for nurses of the James Walker Memorial Hospital were held at the Boys' Brigade armory at 5:30 o'clock yesterday afternoon. Seated upon the attractively decorated stage were the seven members of the class and the others taking part in the exercises of the occasion. Heretofore the exercises have been held on the beautiful lawn at the hospital, but it was decided to change to indoors this year.

The exercises began with an enjoyable musical selection by Kneisel's Orchestra, after which the invocation was offered by Rev. Dr. Wm. H. Milton, rector of St. James' Episcopal Church. Mr. W. H. Sprunt, a member of the board of managers, than whom the institution has no better friend, was master of ceremonies. He happily introduced the speaker of the occasion, Dr. G. G. Thomas, who is at the head of the relief department of the Atlantic Coast Line Railroad Company.

Dr. Thomas prefaced his short but very able and instructive address with a few words of congratulation to the members of the class, after which he gave the young women some advice which will be of value to them all through their career. Dr. Thomas told them not to feel that inasmuch as they had cut off their school days that they were now entering a period of rest, but on the contrary their lives have just begun in earnest; they are going out now for a campaign, taking up the serious side of life and assuming the most arduous duties possible for them. They are entering upon a life of emergency, a life that is always forever one of watchfulness. All hours for the trained nurse are trying.

He said that the trained nurse has two friends. Her best friend is the doctor. See that he is your friend, make him your friend and carry out to every detail his instructions in the care of the patient. Tell him always what is going on with the patient, but not as to what is going on in the household. Let the closet skeleton alone. Give your patient the best care possible. You won't for some time realize just how much you are sparing the hard-working man, the doctor, but it will dawn upon you that there are no dark houses with the doctor relative to history of the illness of his patient when he has a good nurse. The second friend of the nurse, as pointed out by Dr. Thomas, is the patient. The nurse has been called the ministering angel. She comes nearer it than anyone else, said Dr. Thomas, who then spoke of the high calling and of the great service of the trained nurse. He also called attention to the fact that much is expected of the trained nurse by the world. In closing Dr. Thomas again congratulated the class.

Following a musical selection Mr. Sprunt presented Dr. Joseph Akerman, who was formerly surgeon in charge of the James Walker Memorial Hospital, who presented the diplomas to the graduates. Dr. Akerman said that it was with peculiar pleasure that he was present on this occasion, as he had been closely identified with the training school ever since the charter was received in 1893 while he was the surgeon in charge and has never missed attendance upon the graduating exercises. He said that the public rarely thinks of the hospital as an educational institution, but that it is an educational institution just as surely as are the public schools. It is an educational institution for the internes and the nurses who graduate from its school every year. The young ladies, seven in number, then received their diplomas, the following composing the graduating class: Miss Clara Elberta King, of St. Augustine, Fla.; Miss Mattie McCullen, Burgaw; Miss Margaret Lewis, Burgaw; Miss Hazel Hamlin, Wilmington; Miss Ruth A. Stolter, Wilmington; Miss Lena Bell Foyles, Lawndale; Miss Kittie Wells Carmichael, Kemper, S. C.

Next the class pins were presented, this being done most gracefully by Mr. D. C. Love, a member of the board of managers. Usually this pleasant task is assigned to the chairman of the board, Capt. Walter G. MacRae, but he was absent from the city and his place was most excellently filled by Mr. Love. He made a short but felicitous talk to the young ladies.

The benediction was pronounced by Rev. Dr. J. H. Foster, pastor of the First Baptist Church. Immediately following the exercises a most delightful reception was tendered the class.

**Will Deliver Address.**

It is a high compliment that has come to Dr. G. Kirby Collier, of Sonyea, N. Y., in his selection to deliver one of the principal addresses before the National Association for the Study of Epilepsy and the Care and Treatment of Epileptics at St. Louis, Mo., June 16th. Dr. Collier will speak on "Surgery in Epilepsy," he being recognized as one of the foremost surgeons in his specialty, being connected with a large institution North for the treatment of Epilepsy and kindred diseases. Dr. Collier is a son of Mr. and Mrs. Sam P. Collier, of this city, and has a host of friends here.

**A Charming Woman**

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. **Third Annual Meeting of Association Last Night—Reports Showed Fine Year's Progress—Officers and Directors.**

The third annual meeting of the Hanover Building and Loan Association was held last night at 8:30 o'clock at the office of the secretary and treasurer, Mr. Herbert F. Wilder, No. 207 Princess street, a large number of the stockholders having been present.

President John J. Fowler was in the chair and Mr. Wilder kept a record of the proceedings. A committee to verify proxies reported a large majority of the stock represented either in person or by proxy, whereupon the the meeting was declared duly organized for business. The business of chief interest was the hearing of annual reports, that of the secretary and treasurer, showing assets now of $49,845.14 and 1,651 shares of stock outstanding. The net profits of the association during the past year were $4,000, and the outlook for the coming fiscal year is bright indeed. The 13th series was opened last Saturday and already more than 300 shares of stock have been taken. In order that all persons desiring or seeking investment may have an opportunity of taking advantage of this new series, it has been decided to keep the books open at the office of the secretary until Saturday night and shares may be subscribed for there.

The stockholders unanimously re-elected directors as follows: Messrs. John J. Fowler, Jos. W. Yates, H. F. Wilder, C. D. Weeks, E. Norfleet, B. F. Keith, R. W. Farmer, Henderson Cole, Marsden Bellamy, J. P. Quelch, L. W. Moore, J. W. Freeman, I. Shrier, N. E. Bunting and Dr. W. T. Smith. The stockholders adjourned subject to call.

The newly elected board of directors met after the session of the stockholders and unanimously re-elected Mr. John J. Fowler president, Mr. Jos. W. Yates vice president, Mr. Herbert F. Wilder secretary and treasurer, and C. D. Weeks, Esq., attorney.

## GEO. VERNON IN TROUBLE.

**Arrested for Breaking Into Railway Station at South Boston, Va.**

Geo. Vernon, a white man, about 35 years old, well known in this city, where he formerly lived, who was frequently in the municipal court to answer charges of drunkenness and disorderly conduct, is in jail in Halifax county, Va., where he is held pending investigation by the grand jury on the charge of breaking and entering the Norfolk & Western Railway station at South Boston, Va. Vernon was given preliminary hearing last Thursday and held for the grand jury. Chief of Police John J. Fowler received a letter yesterday morning from W. G. Baldwin, head of the Baldwin Detective Agency, Roanoke, Va., asking for information regarding the record of Vernon in this city. Mr. Baldwin stated that one of the officers at South Boston overheard Vernon talking to some of the other prisoners and that he said this was not the first time he had ever been in jail, but boasted that he had been in jail in every State in the Union. So far as was recalled at police headquarters yesterday morning Vernon was never arrested in this city on a more serious charge than drunkenness and disorderly conduct.

**Mid-Week Dance Tonight.**

## THE RECORDER'S COURT.

**Negro Given Six Months on Roads for Receiving Stolen Goods.**

Charged with receiving stolen goods knowing them to have been stolen, John Robbins, colored, was given hearing before the Recorder yesterday morning, found guilty and sentenced to six months on the county roads. It was alleged that he stole some clothing from John Clark, colored, at Wallace, the same being found on him here. A charge of larceny in this case would have had to be investigated at Wallace, so a charge of receiving stolen goods knowing them to have been stolen was brought.

D. N. Stanly was required to pay a fine of $5 and costs for violating the driving ordinance; Elias Smith, colored, charged with a similar offense, was taxed with the costs, while a case against Nathan Schloss, charging a similar offense, was left open for judgment. James Green, colored, was fined $10 and costs for drunkenness and disorderly conduct. Willie Herring, colored, was fined $10 and costs for assault on his wife.

The several whiskey cases on the docket will be investigated next Monday. There are four cases to be tried, each against Ralph Kennedy and John Bradshaw and two against Thomas Mask Jones, colored. The latter was tried in one case Monday, resulting in a mistrial, the jury, after being out for five hours, being unable to agree upon a verdict. Eleven jurors were for conviction, while one stood out for acquittal. Dudley Garrison is understood to have been the juror who stood out against conviction. Another warrant was issued during the afternoon against Jones, making two cases now against him.

**The Cooking Demonstrations.**

In the face of the threatening weather of the past two days, numbers of Wilmington housekeepers are attending the cooking demonstrations in the Woolvin Building on Princess street. The attendance yesterday afternoon was surprisingly large, and the indications are that standing room will be at a premium before the end of the week. The demonstration hall this year is more conveniently located than last year, being upstairs and away from the dust and noise of the street and is about as cool as any place counld be, considering the weather. Additional fans are being installed and the Tidewater Company will no doubt make all comfortable who attend.

REAL sport consists in playing the game as well as you can for the sake of the game itself. The man who scores, and gets the applause, often owes his triumph to the fellow who made the base hit, and got left on second.

Now, that applies to you and to us; because good clothes are a big aid to a man in the business and social affairs of the day; the well dressed man has a better chance to score than the man who is careless about his looks. If we furnish the clothes and you score, we're entitled to some of the credit. Well, we don't claim any of it! You can have it all; you'll be showing your good judgment by coming here and buying

clothes. They're the kind of clothes that help a man; they've a classy look of high-grade distinction; there's a quality of all-wool weave, a finished look of tailoring, a smartness of style, about these clothes which you won't get in any other way; it is the indefinable "air" about them that is alone worth all you pay for the clothes.

### PRETTY JUNE WEDDING CELEBRATED YESTERDAY.

One of the most beautiful weddings of the season was celebrated at the residence of Mr. and Mrs. Eugene V. McKenzie, No. 804 Dock street, at 5:30 o'clock yesterday afternoon, when their charming and attractive daughter, Miss Lena Gertrude McKenzie, became the bride of Mr. James Lonnie Peck, a well known and popular young man of this city, formerly of Salisbury. The McKenzie home was most beautifully decorated for the event fraught with so much interest for the young couple, the color scheme of green and white being carried out very effectively. The bridal party came down stairs to the strains of Mendelssohn's wedding march skilfully rendered by Mrs. Chas. Motte on the piano and Mr. Richard Wormersley on the violin. First came the bride with her maid of honor, Miss Bessie Penny. The bride was beautiful in her gown of white batiste. She carried bride's roses and her wreath was of lilies of the valley. The maid of honor wore green messaline and carried white carnations. The groom was accompanied by his best man, Mr. Kenneth McKenzie, brother of the bride. The altar where the ceremony was impressively performed by Rev. W. L. Rexford, pastor of Bladen Street Methodist Church, was finished with exquisite railing of white entwined with green, and on each side there were five candles, whose soft, mellow light added to the beauty of the scene.

Following the ceremony a reception was tendered the bride and groom. The guests were received at the door by Mrs. Virginius Keen, Miss Maggie M. Hall and Miss Annie Price, while serving were Miss Mary Hunter Risley, Miss Catherine Risley and Miss Eugenia King, who were attired in white. The reception was attended by a large number of friends of the couple and was a most delightful affair.

The popularity of the couple was attested by the many beautiful and handsome presents received. One of the handsomest was a silver chest from the groom's associates in the general offices of Atlantic Coast Line.

Mr. and Mrs. Peck left on the 7 o'clock train for a bridal tour of two weeks to Atlantic City, N. J., and upon their return will be at home to their friends at No. 804 Dock street. A large party of friends were at the union station and they departed amid the showers of rice, etc., and best wishes of the party assembled. The bride wore a traveling suit of tan with hat and gloves to match.

Mr. Peck holds a position in the general offices of the Atlantic Coast Line. He has been living here for some months and has a wide circle of friends in this city and elsewhere. His bride is a most attractive and popular young lady of many admirable traits of character.

## LOCAL DOTS.

—Mr. George W. Davis has been appointed custodian of the Carolina Yacht Club, on Wrightsville Beach, and has already entered upon his duties.

—Friends will regret to learn that Constable W. B. Savage has been confined to his home for several days on account of a severe attack of rheumatism, and will hope for his speedy recovery.

—Through a typographical error in yesterday's Star the date of the moonlight excursion of the Philathea Class of Fifth Street church, was given as July 9th, which of course, should have read "Friday, June 9th."

—Turk Willis, colored, was found not guilty in Justice Harriss' court yesterday on a charge of larceny of a roll of wire from Dave Robinson, colored, but was found guilty in another case charging simple assault on Robinson and required to pay the costs.

—George Powell, colored, who was arrested Monday on a charge of embezzlement of $25 belonging to the Scott's Hill Baptist Church, colored, which he held in trust, was bound over to Superior Court by Justice Harriss, his bond being fixed at $200, which he gave.

### IN SUPERIOR COURT.

**Trial of Case Involving Ownership of Land—Divorce Refused.**

Superior Court is now engaged in the trial of the case of Minerva Simmons against Wesley McMillian, et al., involving the ownership of a piece of land near Eighth and Nun streets. The taking of testimony was begun at yesterday's session and will be resumed when court reconvenes this morning. Kenan & Stacy represent the plaintiff, while the defendants are represented by Herbert McClammy, Esq.

Mary J. Faircloth, colored, was refused a divorce from her husband, Mack Faircloth, on the ground that the evidence was insufficient. Judge Peebles said that he was not opposed to the granting of a divorce where the circumstances justified, but to obtain a diverce in this court it was necessary to adduce sufficient evidence to support the contentions of the plaintiff.

Counsel for the plaintiff in the case of Joseph Jones against the Wynnewood Lumber Co., asked to be allowed to amend the complaint and when this was refused by Judge Peebles a non-suit was taken. The action will be instituted again by counsel for the plaintiff, K. C. Sidbury and A. G. Ricaud, Esqs. The case of Joseph H. Watters against Young & Fussell was continued.

### A. C. L. DOUBLE TRACK WORK.

**Improvements Between Mount Holly and Bonneau Progressing.**

(Charleston News and Courier.)

A large force of laborers is busy in constructing the second track for the Atlantic Coast Line Railway Company between Mount Holly and Bonneau, and it is expected that this important work will be completed in time for the Fall business. The contract for the work was given out in January, immediately after the double track between Ashley Junction and Mount Holly had been completed. By October 1 the Coast Line expects to have no less than 38 miles of double track in operation between Charleston and Florence. While no authoritative statement has been made in official circles, it is understood that the double-tracking between this city and the Pee Dee city will be continued until the 102 miles intervening will have been spanned by two lines of steel bands.

The double track work will be of the best construction, as it will have to bear the strain of heavy coal trains running over it at full speed in the near future. The bridges and culverts will all be spanned by steel and cement arches, and every care will be taken to keep the grades down to lowest possible point.

### EXCURSION TODAY.

**Boys' Brigade and Friends to Enjoy Outing at Carolina Beach.**

If the weather is half way favorable today an immense crowd will become guests of the Boys' Brigade for their annual excursion on the steamer Wilmington to Carolina Beach. It will be an all-day affair with trips of the steamer at 9 A. M., 2:30 and 7:45 P. M. The committee has been hard at work and has provided a programme of rare interest at the handsome new pavilion, just completed. The athletic programme will be carried out under the direction of Mr. Chas. Dushan and excellent music will be furnished by the old Tarrymoore Hotel orchestra, which has been engaged especially for this occasion. Tickets may be had at the steamer wharf or from any member of the Brigade.

## PERSONAL PARAGRAPHS.

—Mr. C. I. Robinson, of Garland, was in the city yesterday.

—Mr. D. L. Gore went up to Montague yesterday on a brief business trip.

—Dr. J. Harry Honnet has returned from a stay of some time in the North.

—Mr. F. T. Wooten, of Chadbourn, was here yesterday, a guest at The Orton.

—Mr. N. J. Crocker, of Burgaw, was among the arrivals at The Orton yesterday.

—R. S. White, Esq., of Elizabethtown, was here yesterday on a professional visit.

—Capt. Jas. D. McNeill, of Fayetteville, was here yesterday, a guest at The Orton.

—Col. Walker Taylor returned yesterday morning from a visit to Washington, D. C.

—Mr. Cicero Gore has returned from the A. & M. College at Raleigh and will spend the Summer here.

—Friends of Dr. Edward J. Wood will regret to know that he is quite sick with fever at his home on South Third street.

—Mr. J. Franklin Smith, son of Mayor and Mrs. Jos. D. Smith, is at home from the A. & M. College at Raleigh and will spend his vacation here.

—Mr. John Anderson, accompanied by his wife and child, left yesterday morning for Canetuck township, where he went to attend the funeral of his sister, who died suddenly Monday evening of heart trouble. Mr. Anderson has the sympathy of many friends.

—Mr. R. E. L. Correll, of Lumberton, who is connected with the Universal Oil & Fertilizer Co., of Wilmington, spent yesterday and last night in the city. He returns to Lumberton this morning and will leave this evening for New York to attend the convention of the Interstate Cotton Seed Crushers' Association.

—Among the arrivals at the Southern Hotel yesterday were C. H. Zibelin, Currie; D. J. Corbett, Sr., Currie; L. J. McMillan, Norfolk, Va.; H. S. Barnes, Waycross, Ga.; Dr. B. T. Atkins, Council's; L. J Meehsaw, White Hall; F. G. Fisher, Norfolk, Va.; F. T. Butte, Mount Olive; W. T. Rochelle, Hamstead; Mr. and Mrs. W. T. Lee, Savannah, Ga.; S. E. Martin, Rocky Mount; L. D. Stephens, Newbern.

—Yesterday afternoon's Fayetteville Observer says: "A Florida train passed through here today for the northern markets, loaded entirely with cucumbers, with the exception of three or four cars of pineapples, watermelons and cantaloupes. As car after car glided by, displaying baskets, barrels and crates of the "long greens" and "pickling variety," one was led to wonder if the whole State of Florida had been turned into a huge cucumber farm."

### WILMINGTON PRESBYTERY.

**Called Session Yesterday Afternoon to License Dr. L. T. Newland.**

Wilmington Presbytery held a called meeting at St. Andrew's church yesterday afternoon at 2:30 o'clock, Dr. Geo. C. Worth, Ruling Elder of the First Presbyterian church, presiding as moderator, and in attendance were Rev. Dr. A. D. McClure, Rev. Dr. John M. Wells, Rev. J. S. Crowley and Rev. J. M Plowden, of Wilmington, and Mr H. L. Benson, of White Plains. The purpose of the meeting was to examine Mr. L. T. Newland, who was granted license to preach the Gospel, after which the Presbytery adjourned to meet tonight at Mr. Newland's home church at Chadbourn, where he will be ordained to the full work of the ministry. Mr. Newland leaves in a short time for Korea, where he goes as missionary from St. Andrew's Presbyterian church.

### THE HAREM SKIRT.

**New Fashioned Female Garment Made Its Appearance Yesterday.**

The harem skirt, the new fangled article of feminine wearing apparel, that created such a furore North when originally introduced in this country, made its appearance in Wilmington yesterday and attracted much attention. The wearer was evidently a stranger who came here from the North and had been on a visit to either Southport or Fort Caswell and was in the city returning North. The wearer was seen on Market street coming up from the boat about 3 o'clock and subsequently on Front street as she went up to and returned from the railroad station. If the fire alarm had been turned in from a downtown box, a larger crowd would not have been attracted while "it" was passing.

**Annual Maneuvers in August.**

The Wilmington Light Infantry, member of the Coast Artillery Corps, of the North Carolina National Guard, has been officially advised that the annual maneuvers this year will take place at Fort Caswell Tuesday, August 8th, to Saturday, August 19th, inclusive. A school of instruction for officers will be held at Fort Caswell for one week, beginning June 12th, and it is expected that all companies in the Corps will send one or more officers for the course. The Corps is composed of the companies of Wilmington, Goldsboro, Salisbury, Charlotse and Newbern.

### CRIMINAL PROSECUTION URGED.

**Resolution Introduced in House Affecting Trust Magnates.**

Washington, June 6.—Efforts of Senator Pomerene, of Ohio, to force criminal prosecutions of officers and directors of the Standard Oil and the American Tobacco Company and their constituent companies, were supplemented today by the introduction in the House of resolutions by Representative Clayton, of Alabama, directing that the Attorney General report to Congress whether any criminal prosecutions have been begun or are contemplated, and if not, why they have not been undertaken. The resolutions were referred to the judiciary committee, of which Mr. Clayton is chairman.

**Mid-Week Dance Tonight.**

Tonight mid-week dance at Lumina. **

## ..Theatrical..

**Grand Theatre.**

The management of the Grand has one of the big surprises of the season for its patrons. Beginning next Monday Mr. Harry L. Tally will open a week's engagement at the popular house. Ma. Tally will be assisted by his wife, who is also a talented vocalist. To begin with Mr. Tally is the highest priced singer in the United States who is singing in popular price theatres. He was for eight years a tenor in the Empire City Quartette in New York City. This quartette is and always has been, as everyone knows, considered the greatest male quartette ever organized. Their weekly salary has never been under the $500 mark. Mr. Solky is bringing Mr. Tally here at an enormous salary and without the least doubt he will be the greatest singer that Wilmingtonians have ever heard in their midst. Mr. Tally has his wife with him and they will be heard in songs every day. He has been engaged for a short time only and Grandites had better take in every show or they will be missing the treat of their lives. Today the Grand offers another mammoth bill of pictures, songs and music.

**At the Bijou.**

The Bijou certainly has the crowds "going" this week, to use a trite expression, and the crowds that are going are more than delighted, too. Yesterday was another big day for triumph at the popular Bijou, and those who were fortunate enough to be "among these present" hugely enjoyed a huge bill. The film entitled "A Sane Fourth" not only reached the tender cords of a person's heart, but it dealt with a great problem. "His Baby's Doll" was another star film, going to show how up-to-date the Bijou management is and how it never spares expense in order to give its patrons the very best and the very latest. Of course, all the musical numbers were greatly enjoyed. Verily, the Bijou is a popular place, and there is a reason. One can also enjoy solid comfort while beholding the pictures at he Bijou, because the theatre is always delightfully cool and the ventilation is perfect. Several motion picture surprises are promised, besides big and jolly musical numbers.

### CAROLINA EDITORS IN NEW YORK

**Members of South Carolina Press Association on Junket.**

New York, June 6.—One hundred and fifty South Carolina editors and their wives and daughters reached here late today on the steamer Apache from Charleston for a week's visit to the city to look over the journalistic field in the metropolis, and incidentally see the city's sights. The editors are members of the South Carolina Press Association, which recently held its annual convention at Columbia and decided upon the trip here. They will be entertained at several banquets during their stay.

Nashville, Tenn., June 5.—The tenth annual tournament of the Southern Golf Association will start here tomorrow morning when 150 golfers from all over the South will compete for the twenty-one handsome prizes offered by the association for the successful contestants. The tournament will continue until Saturday afternoon.

### SENATOR SMOOT CALLED DOWN.

**Accused Democratic House of Playing Trick on Senate.**

Washington, June 6.—The charge that the Democratic House is trying to reduce its own printing bills and swell those of the Senate was made today by Senator Smoot, of Utah, chairman of the joint committee on printing. The accusation followed a request by Senator Culberson for the printing as a Senate document of the report of the minority of the Senate Committee on Judiciary on the absorption by the United States Steel Corporation of the Tennessee Coal & Iron Company, which report was submitted in 1909. In presenting his request Mr. Culberson stated that he did so "at the request of several members of the House."

Mr. Smoot objected and in doing so asserted that there was an effort on the part of the House to compel most of the printing for Congress to be done in the Senate.

"The Senator attributes a very small motive to the House," responded Mr. Culberson, "and as a member of the party in control in the House I am disposed to resent his charge."

Ultimately the Utah Senator withdrew his formal objection and the order was adopted.

### STATE BUILDING COMMISSION.

**In Session Until Late Hour Last Night Considering Plans.**

(Special Star Telegram.)

Raleigh, N. C., June 6.—The State Building Commission for the erection of the $250,000 fire-proof State administration building was in session all this afternoon and up to 11 o'clock tonight examining the plans offered by architects for this proposed five-story building. Recess was taken to Wednesday morning for final action as to the selection of an architect and an outline of the plans. Commissioner A. S. Bascoe missed connection en route and failed to reach here for the session today, but is to be here for the final action in the morning. The architects competing for the contract are Milburn, Heister & Co., Washington; Chisholm & Warren, Charlotte; Hooke & Rogers, Charlotte; A. Teayeck Brown, Atlanta; R. E. Mitchell, New York.

### ROYAL ARCANUM.

**Rocky Mount Lodges to Entertain in Honor of Visitors.**

(Special Star Correspondence.)

Rocky Mount, N. C., June 6.—On Friday night next in their lodge rooms in the Dawson Building, the local lodges of the Royal Arcanum have planned a social meeting that promises to eclipse anything held in many months by them. The occasion is the visit to the local lodge of the Grand Regent of the State, Mr. F. W. Hancock, of Oxford, and he will be the guest of honor. In addition to the usual programme of the meetings of this lodge it is planned to have several speakers of prominence from Arcanians both from the local lodge and lodges elsewhere.

### DEATH IN NASH.

**Child Visiting With Mother in Nashville Passes.**

(Special Star Correspondence.)

Nashville, June 6.—Little Jefferson Batchelor, the three-months-old son of Mr. and Mrs. Howell Cobb, of Portsmouth, N. H., died last night at the home of Mr. Wallace Batchelor, the father of Mrs. Cobb. Mr. and Mrs. Cobb, along with the little boy, came to visit friends and relatives in Nashville some weeks ago. The little fellow was a remarkably bright and attractive child, and until the last few days had enjoyed good health. The remains will be buried in the local cemetery this afternoon, Rev. J. L. Rumley, of the Methodist church, conducting the service.

JERSEY MILK
— CONDENSED —

## UPWARD MOVEMENT IN COTTON

**Failure of Weather Report to Indicate Any General Precipitation Continued to Effect Market Yesterday — Opening Barely Steady.**

New York, June 6.—The failure of weather reports to indicate any general or important precipitation in the South beyond scattering showers in the eastern belt and a bullish weekly Bureau report caused a renewal of the upward movement in the cotton market today and something resembling a scare of new crop shorts as a result of which the market closed firm, with August unchanged, but with other positions showing a net advance of 56@14 points.

The opening was barely steady, at a decline of 1@6 points in response to rather lower cables than expected and reports of showers in the eastern belt, including the Carolinas. There was nothing on the early map to indicate any important rainfall in the sections complaining of drouth, however, expectations of a bullish weekly weather report checked any aggressive selling and the market soon firmed up on scattered covering, buying by trade interests and support of new crop months by brokers supposed to be operating for the old crop bull leaders. The western belt forecast for clear weather helped the advance and while the eastern belt forecast was for unsettled weather or showers, the weekly weather report proved quite as bullish as expected and after its publication the market showed increasing strength and activity. Not only was there more or less general covering in the new crop months, but there also seemed to be considerable fresh buying for long account.

Stop loss orders were caught on the advance and October cotton sold up to 13.57, or 15 points above the closing figures of last night. In the late trading the easiness of the short interest extended from the new into old crop positions, with July selling up to 15.93, or to within 20 points of the high record established last month. The close was only a little off from the best.

Receipts today, 4,271 bales, against 3,005 last week, and 5,067 last year. For the week, 22,000, against 27,724 last week, and 41,701 last year.

Today's receipts at New Orleans, 966 bales, against 1,529 last year, and at Houston, 317 bales, against 396 last year.

Spot cotton closed quiet, 5 points higher; middling uplands, 15.95; middling gulf, 16.20. No sales.

Futures opened barely steady and closed firm.

### CHICAGO GRAIN MARKET.

Chicago, June 6.—The ending of the hot weather scare pulled support today from under the wheat market. There was also a growing belief that the reciprocity bill would pass the Senate. In consequence, a decidedly weak feeling prevailed the greater part of the time with the close 1⅞ to 1½c. lower than last night. The final gong left corn ⅝ to 1¼@1⅝ down; oats, off ⅜ and hogs products more expensive by 5 to 15 cents.

## WAS SAGGING STOCK MARKET

**Trading Was Lifeless and Disappointing—Public is Showing Little Interest in Speculations — Features on 'Change Yesterday.**

New York, June 6.—A heavy tone characterized the day's stock market and trading was lifeless. Stocks moved in a hesitating way and in no important instances were the losses material. The sagging feeling still prevailed today and attempts which suggested recent upward movement had expended itself, for the time at least.

In financial circles, as well as speculative circles, some disappointment is expressed at the failure of the public to show greater interest in the market for securities. It had been hoped that after the decisions in the anti-trust cases were made known, there would be a pronounced revival in trading and for a time there were indications that this change had taken place.

This outside demand, however, has fallen off abruptly. Aside from the continued inquiry for bonds investors manifest little desire to purchase securities other than those of the Standard class, an attitude which may be due in part to the belief that the prevailing level of prices is not especially attractive.

The hesitation of the market may be attributed to some extent to a desire to await the forthcoming government crop report which is expected to exercise considerable influence upon sentiment. Advices from the west reported a further cut in the prices of certain steel products. Better conditions in the Copper stocks which were almost the only ones to show sustained strength.

Securities of the American Tobacco Company moved upward today. The common stock having declined 120 points since the rendition of the Tobacco decision, recovered 24 points on the curb only to lose part of its gain. The preferred stock and the four per cent. bonds also made gains.

Bonds were irregular, with some heaviness in speculative issues. Total sales, par value, $5,046,0000. United States 2s and 4s declined ½ and the 3s ¼ on call.

Total sales for the day, 407,400 shares.

### GREENSBORO AUDITORIUM.

**Sold at Auction—Will be Moved to Columbia, S. C.**

(Greensboro Record.)

Mortgages held on the Greensboro Auditorium were foreclosed and the property sold at auction at the court house door today at noon. The building and land on South Forbis and East Sycamore streets were sold to the only bidder, Mr. C. C. McLean, bidding for the Auditorium Company, for $16,000. Mr. R. C. Hood acted as auctioneer.

The outstanding indebtedness of the company amounts close to $22,000. The company has effected the sale of the building to the State Fair Association of South Carolina, and the big steel structure will be moved from Greensboro to the capital of that State. It is understood that the sale price was close to $6,000 and the moving of the building will entail the expenditure of nearly $9,000 more, which will have to be borne by the new owners. The land on which the building has stood for the past three years will be divided into lots and sold.

**Wins Fight for Life.**

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay-fever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

**TURPOILINE**

CHEAPER THAN TURPENTINE

It is an odorless mineral product, which possesses great solvent power for paints and varnishes, has the requisite high flash for working and the clean evaporation which leaves the coating in perfect condition.

TURPOILINE makes a free flowing varnish, free from bloom. It flat colors better than turpentine.

TURPOILINE is thorough uniform; you can be assured of receiving the same product all the time.

TURPOILINE costs less and works well.

TURPOLINE is the most satisfactory product on the market for the paint and varnish man.

Try TURPOILINE. One thorough trial will convince you.

# CARDINAL GIBBONS' GOLDEN JUBILEE

(Continued from Page One.)

and there, if everything that he does and says rings true and shows his heart-whole-interest in the welfare of men and women and children near about him, you have the strongest proof of his virtues as a lover of mankind.

"In spite of the burden and responsibilities of his high position in the church he has taken part in the many great movements for the betterment of mankind, and has shown himself not only a good Catholic in the church sense but he has been broadly Catholic in the secular sense of that word, so that the affection felt for him by his co-religionists has spread to all denominations and to all the people who are quick to preceive a disinterested friend. That he may long continue active in his present high position, that he may long continue in secular movements to take the prominent place he has always had in all works of usefulness, is the fervent prayer of Catholic and Protestant, of Jew and Christian."

"I am here," said the Vice President, "to speak for the greatest legislative body in the world, and speaking for them to felicitate you upon this day and occasion and to offer you our loyal respect and heartfelt good will."

When Mr. Roosevelt rose to speak the crowd cheered for half a minute, while Speaker Clarke held the watch.

"While the American people may differ among themselves on questions of dogma," said he, "they unite on what counts for more than dogma—conduct. We read now and then about people complaining that the churches are growing smaller and that hey are losing their influence. But here will be no complaints in the future if that church make as its cardinal principle the rendering of service to the people. No church will have to defend itself so as those who are high in that church devote themselves to the people as you, Cardinal Gibbons, have devoted yourself to them. The Cardinal has fought for the lowly. He has shown by his life that justice can come only through law and order. He has set an example for all of us by the things for which he has striven, and the way in which he has striven."

Senator Root declared that "Cardinal Gibbons is a bulwark against atheism and anarchy— bulwark against the tearing down of morality and government upon which the foundations of our country depend."

"The affection for Cardinal Gibbons," said Speaker Clark, "is just as strong west of the great river as it is east. He has been a potent force for good among both Catholics and Republicans. No man ever served in either House of Congress or in both as long as he; no man ever served on the supreme bench that long, so only one Justice has sat as long as Cardinal Gibbons; only one officer of the navy and no officer of the army has served that long. I wish him peace, prosperity and length of days."

Cardinal Gibbons said in part:

"I am filled with emotions of gratitude by this extraordinary manifestation on the part of my fellow citizens, without distinction of race or religion or condition of life, and I am overwhelmed with confusion by the unmerited encomiums which have been pronounced by the President of the United States, the Vice President, the Chief Justice of the United States, the former President, the Speaker of the House of Representatives, the Governor of Maryland, and the Mayor of Baltimore.

"Gentlemen, you have portrayed your subject, not, I fear, as he is, but as he should be. But your portrait is so attractive that it shall be my endeavor to resemble it more and more every day of the few years that remain to me. One merit only I can truly claim, and that is, an ardent love for my native country and her political institutions. Ever since I entered the Sacred Ministry, my aim has been to make those over whom I exerted any influence, not only more upright Christians, but also more loyal citizens. For, the most faithful Christian makes the best citizen.

"I consider the Republic of the United States one of the most precious heirlooms ever bestowed on mankind down the ages, and that it is the duty, and should be the delight of every citizen to strengthen and perpetuate our government by the observance of its laws, and by the integrity of his private life, 'Righteousness', says the Book of Proverbs, "exalteth a nation, but sin is a reproach to the people.'

"If our government is destined to be enduring, it must rest on the eternal principles of justice, truth and righteousness, and these principles must have for their sanction the recognition of a Supreme Being who created all things by His power, who governs them by His wisdom, and whose superintending providence watches over the affairs of nations and of men.

"When the framers of our immortal Constitution were in session, Benjamin Franklin complained to his colleagues of the small progress they had made after several weeks' of deliberation. He used these memorable words: 'We have spent many days in fruitless discussion. We have been groping in the dark because we have not sought light from the Father of Light to illumine our understanding. I have lived,' he continued, 'for many years, and the longer I live, the more convincing proofs I have that God governs the affairs of men. And if a sparrow cannot fall to the ground without His notice, is it probable that an empire can rise without His aid and cooperation? We are told in the same Sacred Writings, that "unless the Lord builds the house, he laboreth in vain who buildeth it".'

"Thank God, the words of Franklin did not fall on barren soil. They have borne fruit. Our government from its dawn to the present time has been builded by Christian ideals. It has recognized the existence of a superintending Providence. This is evident from the fact that our Presidents, from the first to the last, have almost invariably invoked the aid of our heavenly Father in their inaugural proclamations. Both Houses of Congress are opened with prayer. The Christian Sabbath is recognized and observed throughout the land. The President of the United States issues an annual Proclamation inviting his fellow citizens to assemble in their respective houses of worship and thank the Almighty for the blessings vouchsafed to us as a nation.

"It is true indeed that there is no official union of Church and State in this country. But we must not infer from this that there is any antagonism between the civil and religious authorities. Far from it, the Church and State move on parallel lines. They mutually assist one another. The State holds over the spiritual rulers the aegis of its protection without interfering with the sacred and God-given rights of conscience. And the Church on her part, helps to enforce the civil laws by moral and religious sanctions.

"I fear that we do not fully realize and are not duly grateful for the anxious cares by which our Chief Magistrate and the heads of the co-ordinate branches of the government are preoccupied in the discharge of their official duties. And these cares are the price which is paid for our domestic peace and comfort, and the tranquility of the commonwealth. When the traveler in mid-ocean is buffeted by the waves, he feels a sense of security because he knows that the captain and his officers are at the post of duty. So do we securely rest on our pillows because we are conscious that our Great Captain and his associates in office are diligently steering the Ship of State.

"It is the duty of us all, Churchmen and laymen, to hold up the hands of our President, as Aaron and Hur stayed up the hands of Moses.

"Let us remember that our Chief Executive and all subordinate magistrates are the accredited agents and ministers of God and are clothed with divine authority, and therefore it is our duty and should be our delight to aid them by every means in our power in guiding and controlling the destiny of our glorious Republic."

The Cardinal was the guest of honor at a dinner given this evening by Mayor Preston.

## RICHMOND GIRL KILLED.

### Daughter of Rabbi Victim in Auto Accident—Several Injured.

Richmond, Va., June 3.—In an automobile accident on the Three Chop Road, four miles from Richmond, this afternoon, Miss Mildred Calisch, 17-year old, the only daughter of Rev. Dr. E. N. Calisch, rabbi of the Jewish Synagogue, Bethahaba, was instantly killed, and all the other occupants of the car—Misses Hannah May, Bessie Straus, Virginia Levy, Emanuel Wallerstein, Harold Calisch, brother of the dead girl, and Sylvan Straus, were more or less seriously injured.

The accident was caused by a blowout of the right rear tire just as the heavy, seven-passenger 60-horse power car was rounding a curve. The machine turned turtle, hurling the occupants in every direction. It is said by some to have turned three somersaults. It is known to have turned two.

## MORE PAY FOR POSTMASTERS

### Salaries Increased $100 to $300 in All States.

Washington, June 6.—The salaries of upwards of a thousand postmasters in offices in every State and territory will be increased on July 1st next, as the result of the annual adjustment of compensation announced today by the Postoffice Department. The increases are mostly $100 a year, a few running to $300, while in occasional cases reductions are made because of diminished business. The adjustment is based on the gross receipts of the offices.

## TO REFUND NICARAGUA'S DEBT.

### American Financiers Interested in the Treaty Made Yesterday.

Washington, June 6.—Secretary Knox and Minister Castrillo today signed a treaty providing for the refunding of the foreign debt of Nicaragua and the extension of aid to that country for its further material development through American financiers.

The new treaty is largely on the lines of the convention now before the Senate here, looking to the re-adjustment of the Honduran debt.

## DEATH OF PIONEER SURGEON.

### Performed Operation Four Hours Before He Died.

Philadelphia, June 6.—Dr. Joseph Price, one of the pioneers in abdominal surgery in this country, and the foremost gyneocologist here, died late tonight following an operation for appendicitis. He performed an operation for appendicitis on a young girl shortly after noon today, and was operated on himself for the same trouble less than four hours later. He was born in Virginia in 1853.

## MAN OF 92 MARRIES GIRL OF 24.

### Says Eating Beans Gave Him Long Life.

Muldrow, Okla., June 6.—A. D. Dutton, 92 years old, who attributes his longevity to his habit of eating beans, was married to Miss Rebecca Jane Galloway, 24 years old here today. Despite his advanced years Dutton farms every working day of the week. He is apparently as hale as a man half of his age.

---

New York, June 6.—Edward Harrigan, the veteran actor, playwright and manager, died today at his home here. He was born in New York 64 years ago. His first appearance was in 1867 at the Olympic theatre, San Francisco. Mr. Harrigan played Irish parts almost continuously in New York from 1874 until 1894, generally writing and staging the plays himself.

---

Augusta, Ga., June 6.—Rev. J. D. Hammond, D. D., of Nashville, Tenn., was elected president of Paine College, colored, yesterday by the trustees. He accepted by wire last night. He is a former Wesleyan Female College president, a graduate of the University of Georgia, and Drew Theological Seminary. He is 55 years old.

## TEDDY FOR TAFT.

### An Incident of Cardinal Gibbons' Jubilee That is Significant.

Washington, June 6.—President Taft, in his candidacy for the Presidential nomination in 1912, will receive the unqualified endorsement of former President Theodore Roosevelt, which will be uttered just as cordially as it was prior to the campaign of 1908. This is the best political news Mr. Taft has received in many months and it comes to him in a manner that leaves no doubt as to its authenticity.

The information that Col. Roosevelt under no circumstances will allow his name to be presented to the Republican National Convention was conveyed to the White House several days ago, but it did not become known until tonight. That Col. Roosevelt feels that the Taft administration should be continued was brought out partly as the result of a cordial greeting between the two men at the Cardinal Gibbons jubilee in Baltimore today.

Whether the Roosevelt approval of Mr. Taft's candidacy will go far enough to take the former President into the campaign as an active stump speaker is problematical, but that the force of his personality will be with the President is assured. This fact is not expected to prove pleasing to Republicans who have made no secret of their desire to bring Col. Roosevelt forward as a formidable rival for the 1912 nomination. Many of these Republicans no doubt will refuse to abandon hope until Col. Roosevelt himself, in quoted statement, announces his position and thus breaks the silence concerning the administration which he has maintained since landing in New York on his return from his African hunt.

The information that Col. Roosevelt would be found aligned with the President, rather than against him, was brought directly to Mr. Taft from Mr. Roosevelt by a mutual friend high in official life, who was connected with both the Roosevelt and Taft administrations in a capacity that enabled him to gain and retain the confidence, in fact the warm personal friendship of both men. The meeting at Baltimore between the President and Mr. Roosevelt was only incidental to the Cardinal Gibbons jubilee, but it was an incident that awakened the political interest of the Senators and Congressmen and others in official life who saw the two men together. They met first in the reception room in the Fifth Regiment Armory where the jubilee celebration was held. They talked together there for ten minutes. They shook hands with old friends; they chatted, laughed and behaved just as they used to do when Mr. Roosevelt was in the White House and Mr. Taft was Secretary of War. They carried the spirit of friendliness up to the platform and sitting side by side they conversed in undertones through much of the afternoon.

Mr. Roosevelt reached Baltimore before the President and was waiting for him at the armory.

"Hello, Mr. President," said he in the high pitched voice that Washington used to know so well.

"I'm so glad to see you. I want to inquire about Mrs. Taft."

"Hello, Theodore," replied the President. "How are you?"

Shortly after Mr. Roosevelt was taken aside by the President. The two men were together about ten minutes beyond ear range of any other person. Afterwards it was said that they "talked about Mrs. Taft's health."

The President invited the colonel to come to Washington on June 19th, to be his guest in the White House at his silver wedding anniversary. Mr. Roosevelt said he would try to manage it. As he had to return immediately to New York from Baltimore Mr. Roosevelt declined an invitation to be the President's guest here tonight. The President arrived in Washington at 7 o'clock.

After the meeting broke up both men walked over to congratulate Cardinal Gibbons. After he had shaken the prelate's hand the President put out his hand to the colonel. "Good bye, Theodore," said he. Then he leaned forward on Mr. Roosevelt's shoulder and whispered something. They both laughed and the meeting was over.

## ON THE RIFLE RANGE.

### Teams From Three Regiments at Work—Wake Bonds.

(Special Star Correspondence.)

Raleigh, N. C., June 6.—Out at the rifle range here today there is in progress the shoot between the crack rifle teams of the three regiments of the North Carolina National Guard in the three regimental shoots recently held at Raleigh, Goldsboro and Gastonia, the contest to continue through tomorrow with a view to proving out the real championship as between the winners of the honors in the regimental shoots. The teams in the contest are Raleigh, for the Third; Asheville for the First, and Lumber Bridge for the Second regiment.

The Wake county commissioners have given notice that it is the desire of the people of the county to vote on both the establishment of the farm-life school and on the issuance of $400,000 road bonds, both elections must be on the same day and that this will necessitate the holding of both elections on August 31. The elections are sure to be called on this date.

Greenville, S. C. June 5.—It was announced late tonight that the management of the local Carolina Association Baseball club that Pitcher Cashion had been sold to the Washington club of the American League, for $2,500, the highest price ever paid for a player in this league.

## GOING AFTER SUGAR TRUST.

### House Will Spend $25,000 on Investigation.

Washington, June 6.—The House of Representatives authorized $25,000 for the investigation of the American Sugar Refining Company, directed an investigation into alleged inadequacy of the taxation assessments in the District of Columbia; turned over to the judiciary committee the question of a change in the extradition laws; and discussed many other subjects in a full day's session today.

The House tabled the Berger resolution for a committee to investigate the taking of the alleged Los Angeles dynamiters out of the jurisdiction of Indiana but turned over to the judiciary committee all the testimony in the matter and left it to that committee to determine whether changes ought to be made in the extradition laws.

The House adjourned until tomorrow, when it will take up the bill for a revision of the wool tariff.

## SAVE CROSS OF HONOR.

### Veteran Dashes Into Building At Peril of His Life.

Atlanta, Ga., June 6.—Willing to risk death rather than lose his bronze Confederate cross of honor, J. J. Manion, an aged veteran, rushed into a burning house here yesterday before the firemen could stop him, and began groping among the flames for the bueau where he thought he had left he mblem. He was carried out, fainting, after he had fallen to the floor, but the token was clutched fast in his hand. The old hero was unhurt save for being overcome by the smoke, and today is none the worse for his perilous adventure. Three minutes after he was taken out of the house the roof caved in.

## NAT GOODWIN SUES WIFE.

### Wants to Get Back $250,000 From One of Them.

Los Angeles, June 6.—Just before the files of the Superior Court docket closed late today, attorneys representing Not Goodwin, the actor, filed suit to recover from Edna Goodrich, his divorced wife, stocks, bonds and real estate valued at more than $250,000. The amount sought represents the sum transferred to Miss Goodrich in the prenuptial agreement. Goodwin urges that when the agreement was made he was the husband of Maxine Elliott and that it is, therefore, void.
